GRIFFITH STADIUM, WASHINGTON, Oct. 5.—Under lowering ominous skies quite in keeping with the state of mind under which the harassed senators were laboring after successive defeats in New York, the scene for the third game of the somewhat astonishing world series of 1933 shifted to this point this afternoon, with the jaunty, confident Giants convinced that nothing can stop them now. But that was only their story.  
These distressed Senators had other ideas, with the change to home cooking and the American League ball and they were up and about early, getting acquainted with both their record in New York was one earned run in eighteen innings against Hubbell and Schumacher. North Mercer street, north of the paved portion, has been ashed and is in good condition. A good coat of ashes has also been placed on Albert street. During dry days, however, quite a cloud of dust is caused by automobiles.

Continual dumping of cans and other light rubbish in the hollow between North Jefferson and North Mercer streets has resulted in quite a large fill being made during the past few years. Within the next year or so it may be possible for vehicles to operate across the top of the fill and a street will probably be opened.

## ILLINOIS SWINGS 'MAILED FIST' TO HALT DISORDERS

(International News Service)  
SPRINGFIELD, Ill., Oct. 5.—Illinois swung a mailed fist today to crush disorder in the coal fields. Sanguinary outbreaks in Saline county forced Gov. Henry Horner to rush six companies of the national guard to the scene of trouble just as representatives of the federal government, the state, and all other parties involved were preparing to confer on the situation. Present at the conference this afternoon will be Gov. Henry Horner, Donald R. Richberg, general counsel for the NRA, as well as representatives of the progressive miners, United Mine Workers' Illinois Coal operators association and Central Illinois coal operators association. Richberg is speeding to Springfield from Washington for the parley upon orders, it is believed, of President Roosevelt who stands firm in his resolve that peace must reign in the coal fields.

CHICAGO, Ill., Oct. 5.—Discarding its frivolity, the American Legion today tackled the serious business of its fifteenth annual national convention.

The veterans' organization, according to all indications will elect Edward A. Hayes, of Decatur, Ill., national commander, and draft resolutions expressing the Legion sentiment on a number of important national problems.

Hayes Is Lead.  
Hayes was far in the lead as the final caucuses were staged. The only possibility of stopping him was an unexpected upset in convention sentiment.

The managers of Hayes assert that he had more than seven hundred votes on the first ballot. Only 561 votes are required to elect. Nevertheless, managers of other aspirants continued to canvass delegates. Other candidates were George W. Malone, of Nevada, Sam Reynolds, of Nebraska, Ray Murphy of (Continued On Page Two)

By LEO V. DOLAN

PITTSBURGH, Oct. 5.—Mob violence struck again in the steel strikes today while 65,000 bituminous coal workers held fast their picket lines to continue the paralysis gripping the soft coal field on the fourth "effective" day of the soft coal code.

Two workmen were clubbed by 200 pickets outside the Spang-Chalfant Seamless Tube mill at Ambridge this morning. Neither was seriously hurt. One of the men ran the gauntlet and fought his way into the plant. The other scurried away, outdistancing pursuing pickets.

Tear Gas Barrage  
Later, about 50 men—either deputies or workmen—were smuggled into the plant in box cars. When the same strategy was attempted again, strikers foiled the attempt by jamming switch blocks with railroad ties. A tear gas barrage was laid down for the first coup.

Two other workmen were beaten and slashed by an angry mob at the Benzol plant of the Carnegie Steel company in Clairton, while police arrested two men and two women in a disturbance at South Greensburg, where a picket line of 1,000 guarded the gates of the Walworth company. ## Car Crashes Into Bridge

First Accident Is Reported At Rebuilt West Side Bridge

GIRL IS INJURED; CAR IS WRECKED

Florence Conti Fowler is in the Jameson Memorial hospital with a bad gash over the right eye and a collection of bruises and burn marks as the result of an automobile accident on the West Washington street bridge over the Shenango at midnight Wednesday.

The accident occurred when the car in which she and Russ Williams were riding crashed into the center abutment on the West Washington street bridge. The impact threw Williams out of the car. Mrs. Fowler endeavored to stop the car but failing to do so, opened the door and jumped. She landed in the enclosed area in the middle of the bridge on her head, knocking her unconscious. Careening across the bridge the car was kept on a straight path by the sides of the lane. As it left the bridge it hit the P. & L. E. tracks, veered to the right and crashed into an electric light pole, breaking it off and releasing some live wires. The car was badly wrecked.

Mrs. Fowler was rushed to the Jameson Memorial hospital immediately. Williams could not be located last night.

## Grand Jury Action On Viaduct In 1926 Court Record Shows

Question As To Whether Or Not Matter Must Go Before Another Grand Jury

County Commissioners Attorney John P. Lockhart was at the court, house this morning looking up the date when a grand jury recommended the building of the Croton viaduct. It was found that it had been recommended on June 9, 1926, at which time a blue print was submitted showing a viaduct 673 feet long.

A question has arisen as to whether or not the county commissioners could go ahead with the viaduct on this recommendation, made seven years ago, or whether it would be necessary to have the matter go before another grand jury. Attorney Lockhart expects to give the commissioners an opinion on the matter.

WASHINGTON, D. C., Oct. 5.—It was learned virtually beyond dispute today that Lake S. MacNab was ousted as postmaster of New Castle with scant justification, and as a part of the administration's campaign to replace present postmasters with "deserving Democrats." High post office department officials flatly declined to voice any charges against Mr. MacNab. They denied he had been removed from office as a political move but refused to be quoted. One high official went so far as to say the services of Mr. MacNab had been unsatisfactory, but when asked by the correspondent of The News if he could be quoted as making this assertion he declined to allow the use of his name.

## Three Youths Escape From Detention Home

Boys Were Being Held As Suspects In South Side Robberies

Police were advised about three o'clock this morning by Jack Dunlap, who is in charge of the Detention Home on Court street, that three youthful prisoners apprehended by the city police and being held there for their alleged part in recent robberies at the Wajert, Smith and Shaffer & Snyder drug stores in the South Side, had managed to escape from the home and were at large. All the police officers were notified to be on the lookout for the boys.

The escaped prisoners were William Watkins, 15 and Charles Watkins, 15, colored, and Ben Blashak, 15, white.

The fact that Blashak was connected with the Wajert robbery at least was firmly established through the fingerprint department of the police department, the police authorities state.

Fingerprints found on the watch display case at that store were taken and found to be identical with those on the case. Confronted with this evidence, he confessed to the robbery.

By GEORGE R. HOLMES

WASHINGTON, Oct. 5.—The ten-year-old trail of European debt reduction was re-opened in Washington today with the beginning of formal negotiations by the British for drastic downward revision—if not cancellation—of their \$4,000,000,000 indebtedness to the U. S. treasury.

The British approach the problem from the standpoint of a debtor over-burdened with the weight of existing payments; the American attitude is that of a creditor willing to listen to the debtor's plea.

International News Service was reliably informed however, that they would go to Bristol and from there to Cardiff, Wales, where they plan to visit Mrs. Lindbergh's sister and the latter's husband.

They spent last night at the Botley Grange Hotel, eight miles outside Southampton, where they dined in the public dining room without being recognized by the other guests.

Establishment of Retail Price of Coal For Western Pennsylvania To Be Settled

## FUEL SHORTAGE IS LOOKED FOR

(International News Service)  
PITTSBURGH, Oct. 5.—Establishment of the retail price of coal for Pittsburgh and neighboring districts is the objective of the meeting of the western Pennsylvania classification price committee underway at a Pittsburgh hotel today.

Several days or a week is expected to be consumed in the task, according to B. H. Canon, president of Fort Pitt Coal and Coke Company and secretary of the Pennsylvania association of Western Pennsylvania.

The price committee is acting under authority of the sub-district NRA coal authority for the Western Pennsylvania bituminous field, the sub-district coal authority's 16 members are headed by J. D. A. Morrow, president of Pittsburgh coal.

As the committee began deliberations, a checkup of Pittsburgh coal distributors revealed that the city is threatened with a fuel shortage due to the continuation of the bituminous holiday.

Dealers admitted that a cold snap would find them unable to meet orders and expressed fear that some suffering would be felt by domestic consumers. Leading dealers are accepting orders for delivery only when the strike is over and at prices to be in effect at that time.

## LOCAL MEETING ON BOND ISSUE BEING PLANNED

(Continued From Page One)  
Its failure will carry disastrous results in its wake. If the amendment fails, the appropriations to hospitals and asylums will be cut by thirty percent of what was allocated at the last session of the General Assembly, as the appropriations were approved upon this basis.

In the Pittsburgh district alone, 36 hospitals are now at the point where the question of closing the doors is being considered. The defeat of the amendment would probably make this a certainty unless the public came through with sufficient funds to keep them operating.

The state treasury is sadly depleted. The amendment is for funds to pay current expenses of the state government for the present biennium. These expenses mean money and there are but two alternatives, the passage of the bond issue amendment or an increase in state taxes. Neither is a happy solution of the financial difficulties, but of the two the bond issue method seems preferable.

Seek Local Support  
Any citizen interested in the welfare of the institutions of the state is urged to be in the Castleton at 8:15 Monday night. The Chamber of Commerce is co-operating in the matter and is sending out the letters to a group of citizens. The only purpose in sending out invitations is to hammer home the vital necessity of interesting the people in the amendment.

The invitations are being signed by Fred L. Rentz, president of The News who has been asked by interested citizens to take the lead in the matter and get the meeting underway.

At the meeting there will be no political addresses. Leaders of all parties will be present and they will be asked to confine themselves to the amendment alone. This question goes beyond the political parties. It is a matter affecting the welfare of the people of the state.

Flanked about him were the bishops and other church officials of the church in the state and nation, all in their formal robes of the church.

Heard Crash  
Parole Officer Jack Dunlap heard the window crash, jumped out of bed and rushed to the lower room where the boys had escaped.

He started in pursuit, meeting William Haering, night watchman at the court house in the vicinity of Pearson street. Haering stated that he had gone out to get a lunch and as he was turning up Court street from Washington, he had seen three boys running across Washington and up Pearson street.

Thinking it strange that three boys should be out at that hour of the night he jumped to the conclusion that they had been in some mischief, and started after them. However, by the time he had reached the Aiken school building the boys were no where to be seen.

Retracing his steps to give the alarm he met Parole Officer Jack Dunlap, to whom he related his experience. Dunlap has been out on the case all day, but has not yet found the boys. He believes, however, that he will be able to round them up.

If they do, it may turn out that this series, after all, is to be a repetition of 1924. If they don't, they can proceed to forget the matter and turn their attention to something important.

What with the weather and the semi-collapse of Senatorial chances, the crowd it seemed, was likely to be one of the smallest in world series history; certain the smallest of modern years, with only a half hour to go before the game was to start, there were less than 15,000 people in the stands. As a further discouragement, the rain came on again with increased fervor at this point to drive the players off the field to the shelter of the dugouts.

At this hour, there were only a few thousands in the enclosure, most of them being photographers. These were grouped expectantly in front of the box that will be occupied by Franklin Delano Roosevelt and his party, although the president was not scheduled to appear until a few minutes before game time at 1:30 o'clock.

At 1:27 p. m. the president and his party finally appeared to be greeted with enthusiasm by the crowd. The latter now numbered about 25,000.

Band Is Good.  
Musically speaking, Washington was away out in front.

Mr. Griffith provided the early customers with a band that could be heard even as far as the third row balcony, whereas Mr. Stenheiser provided something that sounded like the Spirit of '76 with a cold in the head. So, no matter what happens, Washington has at least one honor. It wins the band concert.

A light rain began to fall while the Giants were at the batting cage. The sun, meantime, was making a few unsuccessful efforts to emerge from a bank of clouds. Stenheiser, however, continued to hit the offerings of Al Smith (in person) to the distant fences. This particular Al is a left hander who was in there now, but Mr. Whitehill of Washington, was to be in there later. At this point the sun began to shine weakly.

Roosevelt Tosses Ball.  
Then with the excited Senators gathered in a knot, the president threw out the first ball and Heinie Manush was the lucky recipient.

He leaped high into the air to pluck the ball away from his mates and then raced to the dugout with his prize. Mr. Roosevelt promised to autograph the ball.

Meantime the field was cleared again, the players began to warm up with every prospect that the game would be played within a few minutes. Whitehill and Fitzsimmons had been warming up for some time. The diamond was marked out. The umpires were in conference with Managers Cronin and Terry.

It had stopped raining and the sun was making an attempt to shine but without much success.

Mr. Coombs, who was in his seventy-fourth year and known to hundreds of steel workers of the Mahoning valley as "Milt" died of complications at 10:30 a. m. Tuesday after a brief illness.

Mr. Coombs was a former resident of New Castle and while here was in charge of the New Castle Forge and Bolt Company. In 1909 he retired from business and went to Youngstown, Ohio to live.

Mrs. Mary Rose Zazzarino.  
Mrs. Mary Rose Zazzarino, aged 62, wife of Carl Zazzarino, 1025 Ler Avenue, died Wednesday at noon in the home after an illness of five years.

She was born in Italy, August 24, 1870, the daughter of Frank and Angeline Perrotta and had been a resident of New Castle the past thirty-nine years. She was a member of the Italian Methodist church.

She is survived by her husband; six children: Frank, Joseph, Mrs. Mary Sanfilippo, Mrs. Nellie Sanfilippo, Edna, and John; seven grandchildren and a sister, Mrs. Angeline Sayers of Rochester.

Funeral services will be held Friday at 2 p. m., a short service in the home, followed by a service at 2:30 in the Italian Methodist church, with Rev. G. C. Brachetti in charge.

Simon P. Fruehstorfer.  
Simon P. Fruehstorfer, aged 58, Frank avenue, died at 6:20 p. m. Wednesday in the Jameson Memorial hospital, following an operation.

He was born in Westmoreland county February 27, 1875, the son of Xavier and Mary Fruehstorfer and had lived in New Castle the past thirty-four years, being employed in the New Castle works of the Tin Mill.

He is survived by his wife, Mrs. Elizabeth Bevers Fruehstorfer; five sons: Louis, Clarence, George, Thomas and William Fruehstorfer; five daughters: Mrs. William Daugherty, Mrs. Louis Watt, Mrs. Lawrence Selig, Mrs. William Hetrick and Mrs. William Witzle, all of New Castle; two brothers John and Joseph of Jeannette, and four sisters: Mrs. George Kessler, Ridgeway; Mrs. Edward Frye, St. Mary's; Mrs. A. C. Jacob and Anna Bruehstorfer of Jeannette, also sixteen grandchildren.

He was a member of St. Joseph's church. Funeral services will be held from St. Margaret's church Saturday at 9:30 a. m.

O. J. Shuler Funeral.  
Funeral services for Oliver Jesse Shuler, R. D. 9, were held Wednesday afternoon from the Burke funeral home, with Dr. Norris A. White of the First Methodist church officiating.

Interment was made in Clinton cemetery. Pallbearers were Edward Christy, W. H. Cole, J. C. Yoho, G. Grinnin, D. R. Campbell and Don Cameron.

Mrs. Thompson's Funeral.  
Funeral services of the late Mrs. Emma Jane Thompson, of Pulaski, were held Wednesday afternoon at two o'clock at the residence of her son, Edwin Thompson, of Pulaski, with Rev. William Parsons, pastor of the Pulaski Presbyterian church in charge and assisted by Rev. Jennings. The services were largely attended and the floral tributes were many and beautiful. The pallbearers were Russell, Walter and Edwin Thompson, Art Minter, Russell Craig and Lewis Miles. Interment was made in Pulaski cemetery.

Time of Funeral.  
Funeral services for Dominic Tirotti, Hillsville, will be held Friday at 10 a. m. from the St. Lawrence church, Hillsville.

Interment will be made in the church cemetery.

Bertha Presnar.  
Bertha Presnar, aged about 20 years, daughter of Mr. and Mrs. Peter Presnar, of an Oakland district, died last night at Polk, according to word received by county officials today. Miss Presnar has been at the Polk institution since 1925.

The two things that call for intervention are an irresponsible government and the smallness of the country that has it.

## EDWARD HAYES IS LEGION CHOICE FOR COMMANDER

(Continued From Page One)  
Iowa, Adjutant General Milton Reckord of Maryland, Lynn Brandon of Mississippi and Vilas Whaley of Wisconsin.

Oppose Soviet Recognition.  
CIVIC OPERA BUILDING, CHICAGO, Oct. 5.—Thomas W. McManus, chairman of the Americanism committee, today threw the convention hall of the American Legion into wild applause when he read a resolution condemning any recognition or extension of credit to Soviet Russia.

Indications that the Legion would pass the resolution was evidenced when McManus' listeners fairly tore down the house with applause when the resolution had been read.

The resolution read as follows: "We are unalterably opposed to the recognition of Soviet Russia. We are unalterably opposed to the extension of credit to Russia.

"We favor the enactment of federal laws excluding Communists and for the expulsion of Communists who are aiming at the overthrow of the government."

Furthering his strong appeal, McManus fiercely scored "clergymen and others who refuse to cooperate with their country in time of war." Continuing, he strongly urged the deportation of all "third international aliens."

## DEBT REDUCTION PARLEY RE-OPENS IN WASHINGTON

(Continued From Page One)  
delegation headed by Stanley Baldwin, then chancellor of the exchequer, and Montagu Norman, governor of the Bank of England, came to Washington and negotiated the famous Baldwin agreement that Britain now wishes to scrap.

To meet this distinguished array, the American commission was made up of then Secretary of the Treasury Mellon, then Secretary of State Hughes; Herbert Hoover, later president; Senator Reed Smoot (R) of Utah; the late Senator Burton of Ohio, and others who will have no part in the current negotiations.

Negotiations Begun  
Today the negotiations were begun by Sir Frederick Leith-Ross, an economic adviser to the British government; T. K. Bewley, a treasury expert, and the ambassador, Sir Ronald Lindsay, for Britain, and with the United States represented only by Under Secretary of the Treasury Dean Acheson and Frederick Livesey, an economist of the state department.

It is an interesting note that Baldwin and Norman are still influential figures in the British government of today, while the original negotiators of the 1925 settlement have passed from the picture here. New figures and perhaps new policies have supplanted them.

Approval of any settlement reached rests first with President Roosevelt and with congress, with the latter having the last word, and being exceedingly touchy on the question of America's \$11,000,000,000 of foreign debts due.

## HOW WOMEN CAN WIN MEN AND MEN WIN

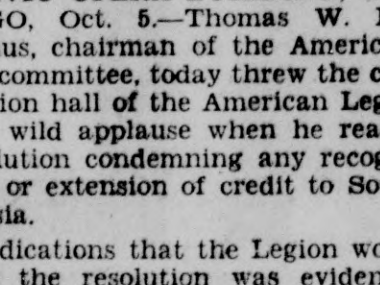

### The Favor of Other Men

Unless you have a big juicy flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow tongue, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, distress, headache. You have become an ugly-looking, foul-smelling, out-of-thinking person. You have lost your personal charm. Everybody wants to run from you.

Don't take salts, mineral waters, oils, laxative pills, laxative candies or chewing gum, and then try to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Cosmetics won't help at all. Only a free flow of your bile juice will stop this decay poison in your bowels. The one mild vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No calomel (mercury) in Carter's. Only fine, mild vegetable extracts. If you would bring back your personal charm, take Carter's Little Liver Pills according to directions today. Use at least 10 pills. Refuse to let your skin get soiled. If you can't get your bowels moving, if you have griping, loosen teeth or scalding rectum. Ask for Carter's Little Liver Pills by name and get what you ask for.

## WEDDING ANNIVERSARY HONORED AT PARTY

On Tuesday evening, October 3, Mr. and Mrs. Robert A. Duff, of Leisure avenue, entertained at a dinner in their home honoring the former's parents, Mr. and Mrs. W. J. Duff of North Beaver Township, the occasion being in celebration of the latter's fortieth wedding anniversary. The hours were spent in an informal social manner, the program being in keeping with the event.

Among the participants were the following: the honored guests, Miss Margaret Duff of Avella, Pa., Fred Walker and Margaret Walker of Pulaski, Rev. and Mrs. R. A. Havelfield and son Raymond of Monongahela, Mr. and Mrs. Robert Duff and daughter Gloria.

## SERVICE STAR LEGION MEMBERS ENTERTAINED

A regular meeting of the Service Star Legion was held Tuesday evening at the home of Mrs. Sarah Thomas, 1606 East Washington street, with Mrs. Nellie Nowling as associate hostess. At the regular business meeting, plans were made for a Halloween party to be held on Monday, October 23 in the Sons of Union Veterans Hall. Plans were also made for the next regular meeting on October 17 at the home of Mrs. Leone Smith of Florence avenue, with Mrs. Belle Whitehead as associate hostess. A special effort is to be made to have every member present at this meeting. Following the business meeting, a social time was enjoyed with music, cards and dominoes as the diversions. The special guests of the occasion were: Mrs. George Christoph and her grandmother Mrs. Kelly, Mrs. Irene McCune, Mrs. Tempa Stickle and Mrs. Fannie Davis. At a seasonable hour, dainty refreshments were served, with the daughters of Mrs. Thomas assisting the joint hostesses.

## FAREWELL PARTY FOR MISS HELEN WALLACE

As a courtesy to Miss Helen Wallace, of Adams street, who is leaving the city soon to make her home in Harrisburg, twenty-five members of the W. W. M. G. class gathered at the home of Mr. and Mrs. Clayton Bryan to tender her a farewell party.

The evening hours were spent in a delightful social manner with chat, games and music. At a selected moment, Little Marie Book, Lillian Smock and Floyd Book entered the room and in behalf of those present, presented Miss Wallace with a shower of lovely handkerchiefs. Miss Wallace responded in a lovely manner.

At a later hour a delicious lunch was served by Mrs. Clayton Bryan assisted by Mrs. William Bryan.

## G. F. S. Plans Party

The Girls Friendly Society of St. Andrews Episcopal church met on Wednesday evening in the church with twenty girls present and Miss Anne Hitchen in charge.

The devotional period was led by Anna May Hartland; the recreation by Jane Jones and the discussion and study on "Personal Etiquette" by Jane Smith.

Plans were completed for an outing next Wednesday evening in the form of a wiener roast at the home of Mr. and Mrs. J. C. Hetrick, Arlington avenue. The committee to arrange for this event will include Miss Anne Hitchen, Edith Cowden, Elizabeth Fleeger, Amy Wright and Jane Smith.

There will be no meeting at the church that evening but a devotional period will be conducted in the open by Miss Florence Hitchen and Mrs. William Wignall and Mrs. Ada Riley will be special guests.

## LABOR LEADER OPPOSES INFLATION

DELEGATES to the annual convention of the American Federation of Labor in Washington cheered heartily when their leader, President William Green, proclaimed an unflinching stand against inflation. When dollars are cheapened, he said, commodity prices rise while wages stand still. Unless labor can get more of these cheap dollars for a day's work it will lose rather than gain by the transaction.

Even if wages should rise to some extent, Mr. Green might have pointed out, they would scarcely keep pace with commodity costs. It would be another race between the tortoise and the hare, this time with small prospect of the hare lying down to laugh while the tortoise crawled along toward the tape. The speaker referred to the experiences of European countries where currency inflation necessitated the filling of a bushel basket with money in order to buy some article of common merchandise.

The labor executive's attitude is significant because it brings an expression of thought from groups that had been less articulate about threatened changes in the financial system of the country. To the extent that the debtor class desires an artificial expansion of the volume of currency while the creditor class fears it, there has often been a notion that practically everybody belongs in one division or the other. The assumption is not true. Most of us are in both classes. The average workman knows that he is a creditor for the wages due him and a debtor for the things he has to buy. He can not discharge his obligations with a flat dollar and have the matter end there. For the flat dollar will return to him as the substitute in his pay envelope.

## FIRE PREVENTION AIDS RECOVERY PROGRAM

For the first eight months of 1933 the National Board of Fire Underwriters estimates the national fire loss at \$224,904,141, as compared with \$310,078,321 for same period in 1932.

With such a wonderful start on reduction of fire losses for the year, Fire Prevention Week, which occurs from October 8 to 14, should give added impetus to the fire prevention movement and encourage the making of a record year for low fire losses. This would be a blessing to the nation in its recovery struggle.

Fire causes the loss of thousands of lives annually. Men lose jobs and wages, and government collects no taxes on burned buildings. It is estimated that 43 per cent of business houses which burn annually, do not resume operations.

Insurance costs are based on fire losses—whether your own property burns or not, you pay insurance because it is part of the cost of operation in all business.

Let every man and woman be their own fire inspector—look at the heating plant, clean up the basement, take trash out of the attic, dispose of oil or paint covered rags, keep hot ashes out of combustible containers, fix wiring connections and check a hundred things they can do to prevent fire. Be careful of matches and smoking.

Farmers should be doubly concerned about fire and use every preventive measure possible, because they have little protection once a fire is started.

Fire Prevention Week draws attention to the importance of fire prevention and activities against the fire hazard should continue throughout the year.

Fire destroys life, property, progress and prosperity.

## ITINERANT UNEMPLOYED

About two years ago the country awoke to the disturbing fact that thousands of young boys were roaming the land living the life of hoboes and contributing to the nation's moral delinquency. With the older vagrants and some girls and women they aggregate a sizeable army.

When the situation was brought to the attention of the federal government it willingly assumed part of the responsibility for returning these itinerants to their homes wherever possible and is now doing something of a concrete nature in that direction.

Fourteen states have been allotted \$250,000 out of the national treasury for the purpose of establishing agencies to look after the welfare of the depression-made roving population. Their job will be to advise, reunite family ties and furnish jobs where possible.

This is not the easiest part of the nation's welfare program. The agencies for transients must not provide employment for persons from another state when the state in which the agency is located has its own jobless. Nor must they permit themselves to become the source of traveling expenses for men and women afflicted with wanderlust.

Washington has provided this money to alleviate the vagrancy nuisance and save thousands of young men and women from pitfalls which lead to crime. These things can only be accomplished by sending the maximum number of wanderers back to the home fires and providing work for the rest.

## GOOD SHOWING FOR STATE'S WOOL CLIP

Pennsylvania agriculture often mocks the calamity howler. The farmers of this state usually manage to handle their crops and harvests with a degree of success in contrast with complaints elsewhere which apparently only a benevolent Uncle Sam can relieve.

Reports on this year's wool clip in Pennsylvania offer an illustration. The Keystone, to be sure, is not a dominant wool state; the sheep industry here is a matter of comparatively small-scale operation. Nevertheless, the facts are interesting. From Harrisburg comes word that the 1933 income will be twice the total of 1932, when it was worth \$425,000. The average yield of fleece per animal has increased a pound over the figure for twenty-five years ago. The result is credited to improved breeding and feeding of farm flocks. Estimates are that 25,000 more sheep will be shorn this year than last.

This increased production and increased aggregate income tell a different story from the tale commonly reported in areas where profits recede as production rises.

It's much better to reform early. Then there's no suspicion that you just got tired of sinning.

A statistician is listing the common causes of fatigue and we hope he doesn't overlook statistics.

WHO WANTS TO JOIN?  
I think there should be some such society as the Amalgamated and Protective Association of Punssters.

I'll join. I'll be a charter member, if necessary. I might even pay dues.

Because I think something should be done to protect punsters against all those people who can't make puns and who sneer at people who can and do.

I mean those fellows who groan when you make a very nice pun and say something about a pun being "the lowest form of wit," or who deny that a pun is wit at all. (The man who first said that couldn't have made a pun to save his life—while everybody knows that a natural-born punster would make a play on words while he faces the firing squad.)

Of course, I'm prejudiced. I think puns are fun, and I think that people who can't make puns ought to keep their insults to themselves. They don't make mean remarks about other forms of pleasure and skill. They don't sneer at billiard players, for instance, even though billiards is just a physical example of punning. The white ball in that game strikes the red ball and comes off to hit the other white ball, and when a player makes a difficult shot he is applauded for his cleverness. But a punster lets his mind carom off one word and hit another—and that's a pun—and all he gets for his trouble is a round of jeers. He ought to be protected, and an any civilization worth its salt, he would be.

Seems to me a good pun is as lovely as an opening bud on a rose-bush, or a cute little kitten, or a grand slam at bridge, or a pretty girl, or a charming sunset, or an Einstein formula, or an imposing skyscraper, or anything else that is a high form of endeavor. I'll admit there are bad puns, but even a bad pun is better than no pun at all. (At least it shows some mental activity, and that's something!)

And if we ever do organize this Amalgamated and Protective Association of Punssters, we'll have William Shakespeare for our patron saint. He was the most ingenious, shameless and incorrigible punster that ever walked the earth—and if Shakespeare could pun, I guess the rest of us can. (And if they wish, they may elect me the Grand Imperial Pundit of the order.)

## SHOW A FIFTY-FIFTY SPIRIT

In indulging yourself in your favorite sport, now much consideration do you give to whether it is conventional or not to your family?

Must every outing include your most liked amusement, if you are to go?

No matter what the claims of others on your time, do you push aside their rights if it is going to interfere with your personal recreation?

You excuse yourself by saying that you are willing to allow others to have the privilege of spending their time in a way that pleases them, if they desire something different.

But perhaps their desires are so different that they cannot carry on at the same time and place.

You want the family car, and they need it in another direction.

If you reach your favorite spot, they can't go where they wish.

You say you are not selfish but only enthusiastic, and that you have only one form of amusement and care for no other.

Your words don't sound very reassuring.

It may be true that you care for one thing only, but at the same time you don't seem to recognize the fact that your nearest and dearest have a certain claim on your time. A fifty-fifty spirit is the only fair settlement.

## THINKING OVER A DULL DAY

"A dull and dreary day!" I said. "As I was tumbling into bed."

And then in those few moments ere sleep came to close the mind to care I thought a small voice asked me: "Did you this morning's sunrise see?"

I wonder if by chance you heard The lovely music of a bird.

A crimson cardinal on high Who sang to you as you went by?

"Across the street with news to tell There walked a man that you know well."

Who tried his best to catch your eye But all unseen you passed him by.

So buried in yourself were you And all the tasks you had to do

From dawn until the even-fall No joyous sight can you recall.

And yet about you everywhere Was much to balance toil and care.

"Had you but walked with eyesight keen A thousand charms you might have seen."

Which never, as you journeyed on, You started or turned to gaze upon.

Where'er you went today occurred Much that you neither saw nor heard;

Scenes that had thrilled you through and through Had you not been so wrapped in you.

Life offered flowers you failed to cull, The daisies bright, but you were dull."

SEPTEMBER MORN  
"September Morn" is now the wife of a rich French manufacturer and the mother of five children. She was a poor girl who stepped into fame in an unusual way, and even now only the artist who painted her and her mother, know who she really is. Her name never was revealed, but 20 years ago she had the most talked-of figure in the world.

A Paris artist by the name of Chabas was a neighbor of the girl's family, and had her pose for a picture when she was 16. The girl had a lovely figure and the artist did a good job of painting her, standing knee deep in a pool of water. It was a pretty picture and modestly posed, even though the figure was undraped. Thousands of artists have painted similar pictures, and except for being admired or criticized, they passed unnoticed.

The difference was that the dealer who purchased this painting had some prints made and framed. One was placed in his window in New York, but nobody paid any attention to it. A picture of a pretty girl shivering in a pool of water excited no attention in New York even then.

This was getting bad. The dealer had a friend who was a good press agent, and to the agent must be given all credit (or blame). This fellow called up Anthony Comstock, militant leader of the Society of Suppression of Vice and told him there was something very objectionable going on, and didn't he want to do something about it. Anthony did.

The press agent then picked up a few boys and had them standing in front of the window where the painting was displayed. On the cue that Comstock was coming they began to smirk and act as if the painting were something extremely smutty.

That was enough for Anthony. He had the law on the dealer, demanding he stop selling the prints, and the dealer fought back. There were columns and columns of publicity. A perfectly innocuous painting, which was artistically good but no great masterpiece became world famous almost overnight. The dealer boosted the price and sold thousands of prints.

The trouble with a reconciliation is that if it doesn't crack up it chips off in places.

Moore In State Department  
Rated As Long Time Expert

Former Representative From Virginia Takes Place As Friend Of Chief And As Cultured Student Of Foreign And Domestic Affairs

Those who have followed the career of former Representative R. Walten Moore of Virginia predict for him valuable service as Assistant Secretary of State. Returning to public life at the age of 74, he is considered a practical expert in many matters that will come under his jurisdiction. As a member of the committee of the House dealing with foreign affairs, he is believed to have had first-hand contact with the field for which he has been drafted. Special emphasis is placed on the fact that he is a personal friend of Secretary of State Hull.

"It is a case of the office seeking the man, for Mr. Moore was in a sense a candidate," declares the ROANOKE WORLD-NEWS, with the tribute that "his acquaintance in official circles and with the diplomatic corps is probably unsurpassed by any one who has not in recent years been holding public office." That paper adds that "the training to the State Department," The NORFOLK VIRGINIAN-PILOT states that "it is hard to think of any one in our public life whose temperament, ideas and principles of political action are in happier accord with those of Secretary Hull," that "the two are liberals of the same Jeffersonian school and are at one in the view that the United States has a major role to play in world politics and world economics."

He is described by the BALTIMORE SUN as one who had been known as "a legislator of calm perspective and sound judgment, who did his own thinking and who helped not a few of his colleagues to do theirs." The Sun believes that "he will contribute in a substantial way to the working out of the policies to which the State Department is committed," and makes the comment on his experience: "He served for a number of years on the House committee having to do with our foreign relations, and but for his voluntary retirement from Congress in 1931, he would now have been chairman of that body. He was accustomed while in the House to keep a watchful eye on American policy in the Caribbean, and his attitude at that time suggests that he will be cordially in sympathy with the program Secretary Hull has initiated for the betterment of our relations and our trade with our neighbors in this hemisphere."

The new appointee is viewed by the NEW YORK SUN as "a sound, practical politician, bosom friend and staunch supporter of the Secretary" while the PROVIDENCE BULLETIN declares: "His appointment to succeed Dr. Raymond Moley, resigned, holds a significance which will not be lost on close observers. Mr. Moore is an old-line Virginia Democrat who was serving in the State Senate when Mr. Moley was gurgling in his cradle. He was a Cleveland presidential elector in the 1892 convention and an assistant general counsel of the U. S. R. R. Administration from 1918 to 1919, when he was elected to fill a vacancy in the 66th Congress and remained in the lower House until 1931. There he served as a member of the committee on foreign affairs."

It was the teacher's first day in school after a glorious summer spent abroad.

Thinking to test her pupils' alertness she asked, "If the boat in which I crossed the ocean was 750 feet long and 70 feet wide, and it took 7 1/2 days to make the crossing, how old am I?"

"How do you figure that?" asked the teacher.

"Well," drawled the boy, "my brother is twenty and he's only half crazy."

## Community Chest Plan Best Method Of Aiding Welfare

The Community Chest idea appeals to Attorney W. W. Brahm, prominent member of the Lawrence county bar and chairman of the chest's professional division, principally because it seems to be the most reasonable, most modern and most cooperative way of soliciting funds for establishing welfare and medical institutions here.

Speaking of the community drive which gets under way on Thursday, October 12, when 1,000 workers assemble in the Cathedral for an opening, dinner, Attorney Brahm said:

"People have the benefit of telephones now because they all join in supporting a service that 60 years ago was unthought of. We have almost eradicated darkness from our personal experience because we join in making it possible for one company to supply us with a service that would, of course, be utterly impossible of independent production."

Mr. Brahm, comparing olden days with today, said that before the time of organized relief, if a person was sick and unable to pay his way, he was sent to the county poor house, and too often thereafter bore the brand of pauperism. Therefore, it is inspiring and refreshing to know that progress has been made. Now we have hospitals that care for the sick and injured poor just as carefully as they care for the millionaire, and no charity patient of a hospital is depressed by a feeling that he is an object of charity.

"After all, individual sympathy and kindness was in the hearts of our grandfathers in those days, the same as today," the lawyer recollected. "But they practiced a restraint that worked a terrible hardship on those who were in need. We still, however, hear of the occasional person who insists that he will dispense his own charity in his own way, and

without anybody's knowledge. He will not play the game with the Community Chest. He's just out of date—just using a threadbare alibi."

But Mr. Brahm said a feeling of satisfaction overcomes him when he realizes that the great majority are happy to join in the more efficient

### GIRL SCOUTS

#### LEADERS' TRAINING

The first of a series of classes in leaders' training was conducted by the training committee of the New Castle Girl Scout organization on Wednesday evening in the Y. W.

C. A. This year's class of prospective troop leaders is one of the largest in years, a fact most encouraging to the scout outlook for the coming season. The classes will number about six at the close of which the members will be eligible and capable to take over troops.

## Reveal Some More Of 'Irregularities' Charged In MacNab Dismissal

Further "irregularities" charged against former Postmaster Lake S. MacNab were revealed today and like the other charges made public they are said to be practices which had been followed in the local post-office for years.

One charge is that the lock box rental report has not been made on first day of each month as prescribed by regulations. This is technically true as are the other charges. The facts are, according to Mr. MacNab, that for 15 years the local office has collected the lock box rentals as near the first of the month as possible. This some times meant a few days after the first of the month and the report has always been made a few days after the first. Mr. MacNab is guilty neither more nor less than any one of his predecessors for the past 15 years.

Another charge was that the moneys received in the postal savings account were not placed in the safe designated for that purpose. It has been the practice for years

here to put the postal savings money in the large safe, Mr. MacNab says. Again, Mr. MacNab is guilty neither more nor less than his predecessors for many years. If there was any error here it was on the side of safety.

Two other charges have already been related. The one charge that MacNab did not lock the door of the toilet room leading off his office is true, but it always has been true. There was nothing of value or importance kept in the toilet room.

Another charge was that there was failure to provide individual responsibility for each stamp salesman. This would have meant individual money compartments for each salesman, would have entailed a change in the floor plan and would have cost a lot more money, Mr. MacNab said. Because the new postoffice is so near to completion, MacNab thought it was economy to let the custom established when the postoffice was first opened, and thus save the money necessary to the change.

## Illinois State Militia Is Sent To Coal Districts

Four Companies Are Sent To  
Saline County Area  
After Trouble

(International News Service)  
HARRISBURG, Ill. Oct. 5.—Four companies of Illinois state militia were being rushed to Saline county coal fields today where several thousand hundred pickets of the progressive miners union, armed to the teeth, were besieging the number 43 mine of the Peabody Co. company firing on mine employees and on passersby.

One man was wounded, several injured from flying windshield glass broken by bullets, and several others believed to have been wounded as the result of the picket's fire.

In addition to the shooting two dynamiting blasts shook the troubled coal fields early today. The big railroad bridge located about a half mile from Peabody 43 was partially wrecked by two charges of dynamite which "let loose" about 3:30 this morning. A third unexploded charge consisting of 41 sticks of dynamite was found on the bridge by county authorities. The Grand Hotel at Eldorado, Ill., about eight miles from the mine was also partially wrecked by a dynamite charge. No one was reported injured.

Train traffic of the Peabody Mine 43 was cut off as the result of the dynamiting of the bridge.

Louis Dodd, a packing house employee was shot in the shoulder and two companions, Bill Bowers and Charles Brown were injured when they reported being fired on by the besieging pickets.

## Lawrence County Truckers Seek State Permits

(International News Service)  
PITTSBURGH, Oct. 5.—Three Lawrence county truckers of road-building and construction materials today presented their applications for certificates of public convenience to Public Service Commissioner Samuel Walker. The applications were taken under advisement.

No protests were filed by other certified carriers against the applications.

The applicants are:  
Edward F. Mulcahy, Thomas H. Anderson and John E. Yoho.

Mulcahy testified he has been hauling construction materials, supplies and equipment for contractors in Lawrence county and that occasionally he was called upon to haul in Beaver and Mercer counties also.

He said Anderson and Yoho were also in the same business, but that he had no objections to this, as many times they worked on the same jobs.

Anderson and Yoho told Commissioner Walker virtually the same story. The only differences being in their financial situation.

"We have been doing this kind of hauling for several years," the haulers said.

## New Castle Youth Jailed At Mercer

Charged With Violations Of  
State Motor Code By  
Highway Officer

(Special To The News)

MERCER, Oct. 5.—Pleading guilty to two charges of violating the state's highway motor code, C. Edward Knobloch, 105 South Vine street, New Castle, chose to serve a 15-day term in the county jail here to paying a fine of \$60 which Justice of the Peace Thomas McClain imposed. Knobloch was in jail today.

The New Castle young man was arrested by State Highway Patrolman D. F. Holmes as he drove along the Perry highway north of Mercer. The officer charged him with driving a car without an operator's license or learner's permit and with displaying as his own a license issued to Edward F. Knobloch.

Patrolman Holmes arraigned Knobloch before Justice McClain, where he entered pleas to both

## WHAT TO DO

Every mile you drive on worn-out pavement wastes your money—for tires—for gasoline—for repairs and depreciation. Why endure the costs, the stress, and strain, the lost time of driving over streets like this. For under many of these old pavement surfaces are solid foundations that can be used as bases for new streets by removing the surface and replacing with concrete.

If these streets connect with state highways, the resurfacing can be undertaken now, by your State Highway Department, using Federal funds.

Resurfacing such streets with concrete is work that can be quickly started to provide employment for labor now on doles.

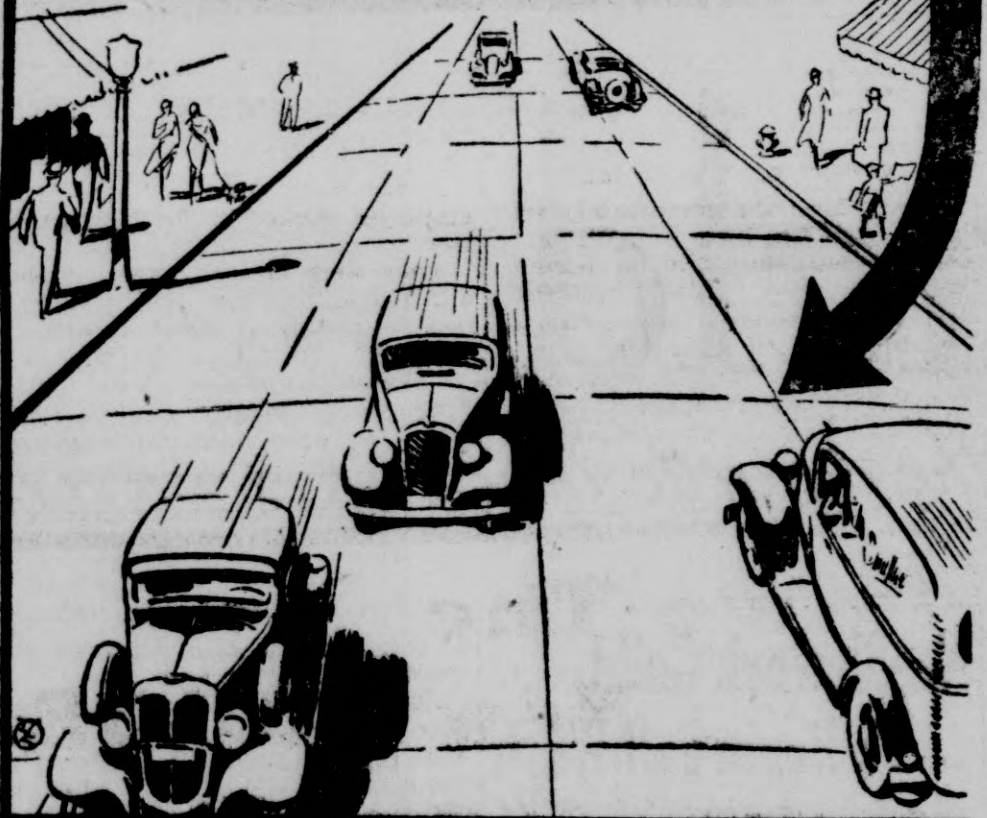

Resurfacing with concrete is work that can be completed with minimum interruption to traffic or to business and without burden on the taxpayer or assessment on the property owner.

### When completed, you will have:

- Streets that are good for a lifetime;
- Streets that cost far less to maintain than any other type;
- Streets that cost less to drive over—saving on tire wear, gasoline, repair bills and depreciation for every mile you drive;
- Streets that improve the appearance and the property values of the neighborhood.

Insist on concrete for your streets—get the most and best street for the money—and the maximum employment for labor!

## Anniversary Plans Complete

Lawrence Commandery, Knights Templar, Observing 50th Anniversary

### SHARON DRILL CORPS TO PERFORM

Past Commander E. E. Seavy, general chairman in charge of the arrangements for the 50th anniversary observance of Lawrence Commandery No. 62, Knights Templar, announced today that arrangements for the big event on Friday are now virtually complete.

The history committee, composed of James L. Fink, chairman, William T. Butz, Charles P. Shaw, Lester Miller, Byron H. Hill, and John S. Wallace, has completed a brief and concise history of the Commandery, which will be narrated at the celebration.

The banquet committee has also completed its arrangements and promise a fine menu and program, which will start the events of the evening.

It has been recalled by Past Commander William T. Butz, who was recorder of Lawrence Commandery, when instituted 50 years ago, and the only surviving officer, that the parade fifty years ago, when the Commandery was instituted, took place under most disagreeable conditions, it being so muddy that the marchers had to walk on the sidewalks. This, of course, will not take place Friday, when the parade is held in connection with the anniversary celebration.

Each day, additional acceptances have been received from surrounding Commanderies who have been invited to attend, and many Sir Knights and their ladies from the surrounding districts are expected present.

The constitution of the Commandery took place in the old Masonic Temple, then located in the Woods Building, where the installation of officers, which was open to the public, took place in the old Opera House.

One of the events of interest in connection with the celebration Friday, will be the drill by the Sharon Commandery corps, composed of 18 Sir Knights, who will execute one hundred drill movements without a command. Following the dinner, at 6:30, there will be a short program, and the evening will be concluded with a ball and cards.

### Plan Classes At Y. W. This Year

Tentative Plans Drawn Up By Council On Education At Tuesday Meeting

The Council on Education of the local Y. W. C. A. met on Tuesday evening. The entire meeting was devoted to the discussion of types of free classes in which they believe the young women and girls of New Castle will be interested.

A list of nearly twenty suggestions was drawn up, and will soon be submitted to the community for approval. The Council on Education plans to inaugurate five or six of the classes for which there seems to be the largest demand.

Included on the list compiled last night were the following suggestions: home-making, interior decorating, remodeling clothes, budget and menu making, beauty culture, shorthand, modern poetry, modern fiction, handicraft, gym and basketball, chorus, dramatics, dancing, current problems, Bible. (The last five mentioned are for both girls and boys.)

Practically all of the classes will be free. Miss Margaret White, general secretary of the Y. W. C. A., will be glad to have girls come to talk with her about the above or any other class work in which she would be interested.

### Dr. J. I. Moore At First Church

Services Preparatory To The Holy Communion Will Be Held Friday Evening

Dr. J. I. Moore, pastor of the Tabernacle U. P. church of Youngstown, Ohio, will be the guest preacher on Friday evening at 7:30 o'clock in the First Presbyterian church of this city.

This will be a preparatory service. The Lord's Supper will be observed on next Sabbath morning at 11:00 o'clock, and new members will be received.

Dr. Moore and Dr. McClure were both students of old Muskingum College, and so have much in common.

**FIVE CONTAGIOUS CASES**  
Only five cases of contagious illness were reported during September to the city health department.

### Suffered 30 Years With PILES

Tried Modern Internal Treatment and Now Is Well—Read Every Word

Read what this Buffalo man writes—it seems like a miracle. "Have been troubled with bleeding and protruding piles for 30 years—was about to go to hospital when a friend told me about Hem-Roid. After the first week's treatment I have no signs of piles and feel like a different person."

Hem-Roid is the prescription of Dr. J. S. Leonard, and is such a wonderful one that thousands who once suffered agony and distress are now free from torturing piles. You can get Hem-Roid tablets at Eckerd's Drug Store and New Castle Drug Co., or any live druggist and if not fully satisfied with the result one bottle gives you—money back.

### GARDNER

Mr. and Mrs. C. W. Magee and daughter Colleen, of Gardner, moved last Thursday to 603 Bridge St., Ellwood City.

Mr. and Mrs. Paul Diller, of Gardner, spent the week-end entertaining friends from Pittsburgh at their summer cottage near Emlenton.

Miss Sallie Finnegan and Miss Lucille Kirkham, of Ellwood City, visited at the home of Mr. and Mrs. W. E. Badger, of the old Pittsburgh road on Tuesday.

Mr. Myers, of Gardner, was taken ill with pneumonia last Tuesday and was taken to the Jameson Memorial hospital on Sunday and is still seriously ill at this time.

Henry Ohl, of Clairton, is visiting his daughter and family, Mr. and Mrs. Calvin F. Clark, of the Butler road. Janet Clark was out of school on Tuesday with a cold.

Mr. and Mrs. L. M. Reed, of the old Pittsburgh road, enjoyed a week-end visit from the family of their daughter, Mr. and Mrs. Ralph Mayberry, and daughter, Mildred, of Aliquippa.

C. O. Brest, of the old Pittsburgh road, was injured while at work at the railroad shops at Youngstown, and is now in the South Side hospital and will not be able to come home for some time.

Misses Nellie and Helen, daughters of Mr. and Mrs. Wansler, of the Harbor road, went in a group of fourteen young people from New Castle, recently and played in the Salvation Army band at Corry.

Rev. J. R. Routledge, pastor of Providence Baptist church near Ellwood City, and Mrs. Routledge, called last Friday at Gardner. They had just returned from a delightful vacation of three weeks in Canada, where they went fishing and caught some fine specimens.

### Enrollment At Westminster Is Still Growing

(Special To The News)  
NEW WILMINGTON, Pa., Oct. 5.—Enrollment reached 634 for the first semester at the end of last week, marking the highest first semester enrollment in the 82 years of the college's history. Of this number 251 are old students and 383 are new students. The previous high enrollment for the first semester was 622 last fall. With 40 or more students registering at the start of the second semester as is usually the case, the net enrollment for the year at Westminster will probably be more than 680, or an increase of almost 23 per cent over the 1931-32 registration. Last year's increase over the 1931-32 enrollment at Westminster was 17 per cent. The increase this year over last year's figure for the first semester is about two per cent. One or two more students are going through the machinery of registration, but late permission registration will end by Saturday.

### KIWANIS ENJOYS DANCING PROGRAM

Clubmen Entertained By Dancers At Wednesday Meeting; Welcome Students

A snappy half hour's dancing review, furnished by pupils of the local Brady School of Dancing, featured Wednesday's weekly luncheon program at The Castleton. The dancing was supervised by Miss Nellie Brady assisted by Harry Hammond of Kiwanis' entertainment committee.

Several entertaining numbers were presented by the Misses Ruth Holland, Ruth Phillips, Helen Messner, Eva Brown, Kathryn Hartuff and Frances Stickle and Augustine Leone. Hawaiian James Mayberry's special Hawaiian skirt dance also created merriment.

Junior Kiwanian Heber Baldwin received his Kiwanis creed from the club as his three-months-long junior membership came to a close. He spoke briefly of the fine experience it has furnished him. At Washington, Pa., Tuesday, James, another junior Kiwanian of the club, received his creed in the presence of the entire state Kiwanis convention. The newly chosen junior Kiwanians Robert Jameson, captain of the school's football team, and James Goodchild, president of the senior B class, were introduced to the club. They will spend the next three months as junior Kiwanians.

Government Hopes To Augment Blue Eagle Driving With Buying Demonstration

### OVER THREE MILLION FAMILIES ON RELIEF

America is ready to swing into another great movement to combat the forces of unemployment, and for the next twelve weeks a nation wide program will be under way to speed up the momentum of the business machine. Just how these farflung plans will be carried out was described today by M. Feuchtwanger, chairman of the N. R. A. committee in New Castle.

"This project quite naturally follows the Blue Eagle campaign," he said, "which has captured the imagination and the enthusiasm of the entire nation as nothing has done since the stirring War days of 1917 and 1918. The Blue Eagle drive, including the codification activities of the N. R. A. has resulted in placing more than 90 per cent of the business of the country under the President's Agreement. More than 2,000,000 workers have been employed and millions of dollars have been added to the weekly pay envelopes of those who toil.

#### Must Speed Business

"But it is to be remembered that this addition to the buying power of the public has also placed burdens on business because of the increased payrolls. Business must be speeded up in order to make it possible for these loyal employers who are operating under the Blue Eagle to continue to maintain their added

labor costs. Then there are still many millions of men still out of work and jobs must be found for them. Something like 3,500,000 families are now receiving public relief, and, with winter coming on, this number will be greatly increased unless business in general is stepped up to a much faster clip than is the case at present."

Mr. Feuchtwanger then explained the methods by which it is hoped these objects will be attained.

"The activities will be based on the logic of our slogan 'NOW IS THE TIME TO BUY.' You will note we are not making use of the word 'campaign.' Our plan calls for a logical systematic program to be carried on between now the holidays with the sole object of stimulating a well-ordered business acceleration. There is to be no emotional appeal, but rather an appeal will be made to the calm, sober judgement of the country. Of course, the element of self-interest will enter into it. For it is just about as sure as tomorrow's sunrise that price levels are going to rise. Every possible effort is now being made to put up commodity prices and every index shows the upward trend has arrived. Hence, it is simply a matter of self-interest for people to buy what they can at this time rather than wait till prices go higher.

"There is scarcely a family in New Castle, or a corporation either, for that matter, that has not been putting off purchases. In the homes, furniture and carpets and rugs have been used that should have been discarded long ago. Repapering, remodeling and refurnishing have been put off from month to month. Members of the household have allowed their wardrobes to become depleted. In the cast of factories and business houses equipment has been allowed to run down and a general program of replenishment and rehabilitation is long overdue. Hence, we feel that we are well within the bounds of good business judgement when we say 'NOW IS THE TIME TO BUY.'"

"As to our plans here in New Castle, we are keeping our old Blue Eagle organization intact. There will be a lot of work for all of us to do as the program advances. In the first place, every member of our committee is to be a salesman for this great movement. During this twelve weeks of increased effort they will spread the gospel of 'NOW IS THE TIME TO BUY.'"

#### Cooperation Sought

"We want the business men of the city who have signed up under the Blue Eagle and who have been so fine in their cooperation with Uncle Sam in this great effort, to know that we intend to do everything we can to stimulate trade for them. We believe that with an effort of this kind going on in every community of the United States, business can really be lifted out of the rut and the happy days of prosperity brought back to our land.

"We want the cooperation of everybody—the press, the pulpits, the schools, the radio, the motion picture houses and the various clubs and civic organizations and, of course, the general public. We are not going to ask anyone to make any great sacrifices. We are going to conduct this effort along sound, practical lines and we are not going to urge anyone to spend money that they really can't afford to spend. We know that prosperity can't be brought back that way. But, at the same time, we know that there is a vast amount of deferred buying in this community.

"The Government has organized this program in order to give the people of the country a chance to pull themselves out of the depression. Washington will cooperate with us in many ways but it is up to us to do our part. If we do our part and every other community in the United States does its part, the depression that has hung on now like a plague for the last four years will soon be a thing of the past."

The program, it is stated, will begin officially Monday, October 9th.

#### QUARANTINES LIFTED

One home was placed in quarantine and two released last month according to city health department reports. The quarantine was placed on account of contagious illness in the homes.

**TOBACCO** to grow, to ripen and become mellow, has to take in or absorb something . . . not Vitamin D, of course, but something that it gets from the right amount of Sunshine

It's the Southern sunshine you read about, combined with the right sort of climate and moisture, that makes the Carolinas, Georgia, Kentucky, Maryland, and Virginia the best tobacco country in the world.

You can stand down there in that Southern sunshine and almost see it grow.

This ripe, mellow tobacco is skillfully cured by the farmer. Then, for 30 months, it's aged — just like fine wine.

It takes the right quantity of each kind of these tobaccos, blended and cross-blended — then seasoned with Turkish, to make a milder cigarette. Sunshine helps. Just try it!

Confers At Washington With Man To Administer New Program

### ANNOUNCEMENT ON PROGRAM COMING

By EDWARD B. LOCKETT  
International News Service Staff

WASHINGTON, Oct. 5.—President Roosevelt will settle final phases of policy with regard to the new program in a conference with Mr. Bruere today. Under present plans the program will begin functioning within a week or so.

At present, the administration has worked out specifically what it desires to accomplish, and the consoling work on the banking program will be a matter of methods. Generally, it is expected that all of the present credit agencies of the government would be thrown under one big body in the new plan. Up to the present the R. F. C. has the \$300,000,000 public works fund, and the agricultural credits units have been operating separately.

Roosevelt wants the efforts of all these drawn together under a single head and thus made more effective. It will be Bruere's job to do this.

The new federal credit and finance coordinator was "borrowed" from the Treasury bank for an indefinite time, but will return again after a short trip to New York. He would not accept the official title of federal coordinator of credits and finance, which was offered him by the president, but will perform the work that would come under such a head all the same.

Decision to go into action with the new program immediately was reached at a series of conferences which the president held with Bruere, secretary of the treasury, and George L. Harrison, governor of New York's federal reserve bank, in New York yesterday.

xious to get it operating as quickly as possible. There may be a number of changes in methods later but the basic plan is to go the limit in placing the treasury's resources behind the banks.

There was a hint that the reconstruction finance corporation might be drastically expanded under the new program, back of the several phases of operation. The government is anxious to get the various banks of the country busy loaning money, and it was pointing out to International News Service that this would be possible should some method of federal discounting of bank paper be worked out. Should the R. F. C. be expanded greatly, as some of the president's advisors have suggested, this organization could do the discounting, backed as it is with almost unlimited federal funds.

### ALSO ORGANIZE FOR ATHLETICS

Roy F. Conway, Of Union township, was elected president of the Lawrence County Principals Association, at their organization meeting held in the Y. M. C. A. last evening. Other officers named were: W. L. Raney, of Plainville, secretary, and Miss Wanda White, treasurer.

The Lawrence County Athletic Association, which governs the sports program of the county schools, also organized for the year, with Robert J. Vaughn, of Wampum, being named president, and W. L. Raney, secretary.

A discussion of the procedure for the meetings to be conducted during the year took place, and it was decided to have discussions of teaching methods and subjects which might be of interest to the principals of the county and the schools as a whole. A committee was appointed to make recommendations on the procedure to be followed at the next meeting, which will be held in the offices of county superintendent, John C. Syling.

## Lions Boost New Blind Legislation

Club Pledges Support To Constitution Change—Seek Public Aid

Throwing its full support behind a state-wide movement which, if approved by Pennsylvania's voters at the polls on November 7, would make it legal for the legislature and governor to authorize the use of state funds for pensions or gratuities to blind persons over 21 years of age, the New Castle Lions club today sought to make plain the purpose of the proposed constitutional amendment which will be at the top of a group of constitutional questions on the November ballot.

Lions Talk Movement  
Chairman Earl T. Ramsey of the local club's blind work committee led a discussion of the proposed amendment at the Lions' weekly luncheon and at that time formal endorsement of the movement was given. The Lions state organization is supporting it.

Speaking of the blind appropriation question today, Ramsey said: "Every citizen of Pennsylvania will have an opportunity next November to cast his vote for an amendment to the state constitution making it legal for the legislature and governor to authorize the appropriation of state funds for pensions or gratuities to blind persons over 21 years of age."

"To date this amendment has been passed by the necessary two legislatures, and the citizens' approval in November is all that remains to add it to the constitution. A vote against it will help to kill a most humane endeavor begun several years ago."

Amendment Proposed  
Chairman Ramsey said the amended Article III, Section 18, reads as follows: the amended words being capitalized:  
"No appropriations, except for pensions or gratuities for military purposes, AND TO BLIND PERSONS, TWENTY-ONE YEARS OF AGE AND UPWARDS, shall be made for charitable, educational, or benevolent purposes, to any person or community, nor to any denominational or sectarian institution, corporation or association."

The amendment affects nothing save the worthy blind residents of Pennsylvania, Ramsey pointed out. Non-sectarian institutions now receiving state aid will continue to receive aid as before.

Facts Show Conditions  
Statistics reveal that Pennsylvania today has 8,500 blind persons over 21 years of age, with 4,500 of that number above 50-year age limit. Many of them are well provided for, others are partially independent but still others are incapable of remunerative employment, under any conditions are eligible to the proposed pensions or gratuity provided, however, they are not already receiving adequate relief because of other disabilities. Where income from other sources is insufficient for reasonable maintenance, they are entitled to have this income supplemented by the proposed pension or gratuity.

Robert Shepard  
New Governor Of State Kiwanians

Erie, Pa., Man Elected As New Governor, Wilkes-Barre Chosen For 1934 Session

(International News Service)  
WASHINGTON, Pa., Oct. 5.—Robert W. Shepard of Erie today was the new governor of Pennsylvania Kiwanis as delegates to the annual convention here left for their homes.

Wilkes-Barre was selected as the 1934 convention city. Another Erie man, Donald C. Burton, won another of the state organization's major offices, that of secretary. R. H. Lamberton of Franklin was re-elected treasurer.

District lieutenant governors were named as follows: Carl L. Keiser, Pottstown, middle east; Myers B. Horner, Washington, middle west; George S. Jones, Nanticoke, north east; J. Martin Fry, State College, Williamsport, east central; Malcolm D. Maynard, Ridgway, north central; John H. McCune, West Newton, southwest; Frank E. Finley, Wilkesburg, west central; Robert M. Stanton, Oil City, northwest; and Carmon Ross, Doylestown, south-east. Jones, Maynard and McCune were the only new officers; the others were re-elected.

No Hearing Friday On Treser Charges  
List May Be Formally Presented To Council By Employees

There will be no hearing of the charge made by former street department employees against Director of public improvement and streets Stanley Treser at Friday's council session though the formal charges may be presented.

A copy of the charges must be furnished Treser and he will be allowed time to prepare a defense. When the charges, political, coercion and conversion of city property and labor, were read Monday Treser declared everything would work out all right and that his honesty and integrity had been questioned only by his enemies.

COMPLETE SALE OF NEW BANK STOCK  
SHARON, Pa., Oct. 5.—President C. E. Brockway of the reorganized First National Bank of Sharon, today announced that the sale of stock in the new institution has been completed. The new capital and surplus amount to \$300,000.

Tomorrow President Brockway and A. R. McGill, conservator and former president, will go to Washington to complete arrangements for securing the bank's license, which is expected to be granted within a few days, as Federal banking officials already have approved all reorganization plans.

## IF YOU WANT TO REDUCE

Many women are reducing easily and safely by the new scientific Vannay treatment. Come in and ask us what Vannay has done for hundreds of women who have been mortified because they could not wear the lovely, slim fashions. Vannay is an absolutely harmless tablet. It contains no thyroid, no laxative drugs at all. It is a natural regulator of the digestive juices that dissolves fat before it can deform the body. We heartily recommend Vannay because we know that it is safe and effective. Ask any of our clerks for the booklet "How To Reduce With Absolute Safety."

## Henry Home Cares For Nearly Fifty Children

To an average of 48 underprivileged children of New Castle, the Margaret L. Henry home, Friendship street, is "our home"—and if that institution receives the \$5500 which a successful Community Chest drive this fall will guarantee it, the home may operate for another year without curtailing any of its present services.

On last September 2, the Henry home, a non-sectarian institution, celebrated the completion of its 30th year of community service. It became incorporated in May, 1922, and today, according to estimates, the home investment represents approximately \$40,000.

Under the competent guidance of Miss Margaret L. Henry, the superintendent, and a matron assistant, the home has extended its service to a host of unfortunate boys and girls during the past 30 years. Miss Henry and her aide have devoted themselves to their work at a rate of compensation which merely provides for them the bare necessities of life. This is the main reason for the extremely low cost of operation.

Proper medical attention is furnished the Henry children in a separate building used as an isolation hospital. Marcus Feutchwanger, president of the home's board of directors of 17, speaking of the chest drive and its bearing upon the work of the institution for the current year, declared:

"Because past Community Chest drives have not produced the amount asked for in our budget, we are placed in a position this year to make an especial appeal in behalf of those unfortunate children, whom it is our duty to look after and maintain so that they may be sent into the world when their day comes to be of use to this community along with other children."

The Margaret Henry home is the property of every New Castle citizen, and so as to assure the promotion of this outstanding work I wish

## Waters Says State Is Facing Crisis

Delaware River Bonds Save  
Situation Temporarily  
He Reports

### STATE MUST VOTE FOR BOND ISSUE

(International News Service)  
HARRISBURG, Oct. 5.—Receipt of \$9,208,000 in bonds from the Delaware river joint commission was a "life-saver" to the commonwealth but it only delayed until the end of November the financial crisis Pennsylvania must face, State Treasurer Charles A. Waters asserted today.

At the beginning of December the general funds, which has dwindled from \$20,454,000 on June 1 to \$5,535,828 on October 1, will be virtually empty, Waters predicted.

Can Remove Pressure.  
"By turning the bonds into cash we will take the pressure off the treasury until the end of November," he said. "By that time there will be a balance between our receipts and expenditures."

The bonds and two checks aggregating \$62,104 settled the commission's debt to the state which invested \$10,563,000 in the construction of the bridge over the Delaware river between Philadelphia and Camden, N. J. The total investment including interest was \$13,217,000 upon which approximately \$4,000,000 had previously been paid in tolls and interest.

Between now and December 1 the general fund must withstand the drain of ordinary expenses and in addition state government and in addition must pay approximately \$4,000,000 to school districts during October.

State revenues do not pour into the treasury in substantial amounts until February or March, Waters explained, thereby leaving the commonwealth in a precarious financial condition during the winter months unless the \$25,000,000 bond issue is approved in November.

Must Have Cash.  
If voters approve the issue a serious attempt will be made to convert the bonds into cash before December, thus assuring the state money to meet its obligations during the winter.

Fiscal officers are hopeful of having state retirement bonds accept the bonds received from the commission. The employees retirement board has agreed to take over \$700,000 of the bonds immediately.

time until Saturday noon. During that afternoon the conference members will be taken on a trip on the coast guard cutter "Apache" or the "Dipont", the flagship of the Maryland Yacht club. The conference will wind up with the regional banquet on Saturday evening, with Charles Edwin Fox, district attorney of Philadelphia, as one of the speakers.

Following the laymen's conference, scout executives of the region will go into conference on Sunday and work through to Monday evening. Scout Executive H. G. Horton of Lawrence county and Bruce Graham of Clarion-Venango county council will arrive in time for the regional dinner on Saturday evening.

## CHEST SUPPORT GROWS FAST AS EMPLOYERS JOIN

Rally Of Plant, Store Heads  
Primes Division For  
Busy Campaign

Snapping into step along with other campaign-spirited Community Chest divisions, a group of more than 100 New Castle employers, representing thousands of employees of the city's industrial plants and stores, met in The Castleton last night to map out their course of solicitation for the drive which opens in the Cathedral a week from tonight, October 12.

The plant executives and store managers assembled in the hotel for dinner and then listened to chest leaders and others of their division explain the subscription procedure to be followed. Together they voiced their unanimous approval of the campaign program drawn up for the year.

Presiding over the rally was Fred L. Rentz, the drive's general chairman. Lewis Wells, drive director, led the discussions with him.

Speakers included O. E. Flora, Pennsylvania Power company; F. M. Rowland, New Castle Refractories; Attorney Thomas W. Dickey; DeLace Cole, representing the W. J. Offutt company, and Emanuel Shaskan, Haney Furniture company, who addressed the mercantile division.

"New Castle is known by the things it does," said General Chairman Rentz, praising the spirit which prevails in the drive organization this year. "And New Castle's people can be depended upon to put the chest over this year."

Other speakers praised the "payroll deduction" phase of the solicitation plan this year, and lauded it as a plan which equally helps the employee, the chest and the employer in a noble community endeavor.

## ALLOT \$35,100 TO COUNTY FOR AID OF NEEDY

State Board Grants That As  
October Sum; Gives \$2,-  
667 For Roads

Announcement that \$35,100 has been allocated by the state to the Lawrence County Emergency Relief board for its relief work during October, was made today in an International News Service dispatch from Harrisburg. October allocations were set by the State Emergency Relief board at its meeting at the capital yesterday.

The county was allocated \$2,667 by the board at the same time for its work relief program on rural highways.

Counties throughout the state were appropriated their October relief and road funds by the state board, aggregating a total of \$5,683,012 for the relief operations and \$600,000 for work on roads.

Boost Bond Issue  
Before adjourning, the board made public an urgent appeal for voters to approve a \$25,000,000 bond issue in November which will provide relief funds for counties in the state during the next budget year. The state during the next budget year will furnish funds to state-aided institutions and hospitals as well. Twenty million dollars of the bond issue will be used for aiding the needy while \$5,000,000 will go to the deserving institutions.

The board urged voters to approve the issue in order to provide indispensable relief for the unemployed, avoid an enormous and immediate increase in the burden upon the taxpayers, and secure greatly needed funds for state-aided institutions and hospitals in every county in Pennsylvania.

Roger A. Ormond, Sharon, was named by the board as executive director of the Mercer County Relief board.

## Sears, Roebuck Sale Nears End

Commemorate 47th Anniversary  
Of Company's Founding  
Here This Week

Consummation of a concerted \$50,000,000 merchandise purchasing drive that gave new inspiration to business last spring when the nation's industries had sunk to the depression-low, is being seen here this week as Sears, Roebuck and Co. of New Castle ends its parent firm's 47th Anniversary celebration.

The buying started suddenly and dramatically soon after the inauguration of President Roosevelt when General R. E. Wood, president of Sears, Roebuck and Co., and D. M. Nelson, vice president in charge of merchandising, called the big firm's buyers together and told them to get into the market. Planes leaving Chicago in almost every direction carried Sears buyers whose ordering during the next few weeks sent thousands back to work.

The Sears buyers were instructed to make the most elaborate preparations ever contemplated by the company for an Anniversary celebration and also to buy in unprecedented quantities for the fall season. Before the campaign had begun to ebb, Sears had poured \$50,000,000 into American industry.

Industry Stimulated  
"Five thousand manufacturing sources located in 44 states and representing about 125 of the nation's major industries felt the force of this buying coup," declared Manager A. H. Mayer, of the local Sears store today.

Included among the industries whose production was accelerated by Sears' 47th Anniversary and fall merchandise commitments placed during the spring and early summer are those manufacturing such widely different lines as leather goods, watches, clocks and silverware, bicycles, ammunition, soap, dental supplies, rubber goods and drugs, tool, locks, wrenches and metal products, aluminum-ware, glassware, electric appliances, musical instruments, shoes, towels, linens, blankets, woolen goods, knitted goods, cotton goods, hosiery, lingerie, gas ranges, plumbing and heating equipment, automobile tires and accessories, harness, floor and table lamps and candy.

Commemorating as it does, Richard W. Sears' founding of the company in a little Minnesota railroad station back in 1886 there is perhaps more sentiment connected with the

Blank of the Ellwood City district committee will be on hand in time for the opening luncheon at 1 o'clock. Sessions on various phases of scout work in the region will then begin and will continue until Saturday noon.

During that afternoon the conference members will be taken on a trip on the coast guard cutter "Apache" or the "Dipont", the flagship of the Maryland Yacht club. The conference will wind up with the regional banquet on Saturday evening, with Charles Edwin Fox, district attorney of Philadelphia, as one of the speakers.

Following the laymen's conference, scout executives of the region will go into conference on Sunday and work through to Monday evening. Scout Executive H. G. Horton of Lawrence county and Bruce Graham of Clarion-Venango county council will arrive in time for the regional dinner on Saturday evening.

## Highland P. T. A. Hears High Teacher

Plans Are Made To Have  
Westminster Head Speak At  
Evening Meeting In  
November

Mrs. E. J. Connery presided at a most interesting meeting of the Highland Parent-Teacher Association Wednesday afternoon when many members assembled at the school for the October session.

Mrs. A. C. Dietterle was in charge of the music, and after singing some P. T. A. songs Miss Helen Allen sang "Homing", accompanied by Mrs. J. M. Pyle.

Mrs. Robert Eckles, chairman of the program, introduced the speaker of the afternoon, Mrs. Viola Healy, member of the senior high faculty, who spoke on "Home Economics". She told of the classes in school and what the girls are taught about home-making.

She also said there has been a return to home-making since the cyclone of economic depression has invaded the country, as from necessity the women take up the problems of the home. Her talk was most interesting and inspired the women to furthering "better homes".

Mrs. Victor Hove gave a review of "Community Fit for Children" from the Child's Welfare Magazine.

The November meeting of the association will be an evening meeting, at which time Dr. R. F. Galbreath, head of Westminster College, will be the speaker.

#### IOWA YOUTH SPEAKS AT MISSION TONIGHT

"God's Highway to Eternal Life" will be the theme of a chalk talk Chase A. Pawtell, Danville, Ia., will deliver at the City Rescue Mission tonight. Pawtell is a graduate of the Moody Bible Institute.

Members of the mission's mothers' sewing class, who resume their fall

and winter work at the institution this afternoon, will remain for the special program this evening.

Correct this sentence: "I haven't lived in your section" said the man, "so I can't tell you how your problems should be solved."

A movie star must pay \$75,000 for alienating a husband's affections, but Hollywood affections don't last long enough to be worth that much.

## SEVENTH WARD NEWS

### Couple From Here Witness Parade Of World War Veterans

Mr. and Mrs. George T. Wilson, of 909 West Clayton street, returned home last night after several days at the Century of Progress Exposition in Chicago.

While there they witnessed the huge American Legion parade, a part of the annual convention of the world war veterans, which opened last Monday.

#### SOCIETY WILL MEET

The Women's Missionary Society of the Madison Avenue Christian church will have a meeting Friday afternoon at the home of Mrs. C. H. Clark, Mt. Jackson road.

#### JUNIOR LEAGUE MEETS

The Junior league of the Mahoning Methodist church, which suspended meetings during the summer, had a meeting of workers in the church last night preparatory to the reorganization for the fall and winter season. Mrs. John Davis is superintending activities.

This year instead of meeting on Sunday afternoons the Junior Leaguers will meet at the close of Sunday school during the morning church hour. It will take the form of junior church.

#### HAVE LARGE SELECTION

A large selection of books on modern and classic fiction is available to the borrowers from the Mahoning-town library. Books not included in the local collection are obtained from the main library upon request. Today the library opened at noon and will remain open until 9:00 p. m.

#### GOES TO CALIFORNIA

Arley Beltz, who has been living in seventh ward for several months, is leaving for Los Angeles, Calif., tonight, where he will reside with his daughter, Mrs. Joseph J. Conti. Mrs. Conti, who will be remembered as Angeline Beltz, is a former New Castle resident.

#### ATTEND MARRIAGE

Several members of the Mahoning school faculty attended the wedding of Miss Margaret Brenner to Wesley H. Zeigler at the Second U. P. church Wednesday at high noon. Mrs. Zeigler is former librarian of Mahoning school.

#### CIRCLE WILL MEET

The Opportunity Circle of the Mahoningtown Presbyterian church will have a meeting at 2:30 o'clock Friday afternoon at the home of Mrs. Lewis Wettich, West Clayton street.

#### MEETING TONIGHT

A meeting of the McCoy Bible Class of the Mahoning Methodist church will take place this evening at the home of Mrs. Frank Gibson, North Liberty street. The class meets regularly each month.

#### AT CENTRAL CHURCH

Rev. D. C. Schmebly, local Presbyterian pastor, was in charge of the prayer service Wednesday evening in the Central Presbyterian church, in the absence of Rev. C. B. Winger, who spoke from the pulpit of the Mahoningtown church.

**SEVENTH WARD PERSONALS**  
Gerald Mowbray and Carlisle Siple of Greensburg, Pa., were Wednesday visitors in seventh ward.

Mr. and Mrs. C. L. Davis, of Greensburg, Pa., were Wednesday visitors in Seventh Ward.

Mr. and Mrs. L. W. Nelson are moving from 808 West Clayton street to the Gage home on that street.

Mrs. Cy Strawhecker, of North Liberty street, was taken to a local hospital for treatment, Tuesday.

Mr. and Mrs. Carl Hollibaugh are moving from Cumberland avenue to their former home on West Clayton street.

Mr. and Mrs. George Watson and family, of near Lorain, O., are spending a few days with seventh ward relatives.

Mr. and Mrs. R. L. Morris, former residents of Mill street, now of Akron, O., were seventh ward callers Wednesday afternoon.

### Observations In 7th Ward

A six-footer, wearing a large western hat and whose automobile license plates substantiated the suspicion that he hailed from Montana stopped in this part of the city early this week and inquired the distance to Wheeling, W. Va. He was given an estimate. He registered amazement and said that in Pittsburgh he had been told a much shorter mileage. The Montana visitor was then informed, as gently as possible that he had traveled over fifty miles in the wrong direction.

"Too many dogs roaming at large" is a complaint voiced by several residents of Seventh Ward. One resident helpfully suggests that the stray dogs be enrolled in a "hunting class" and be turned into hounds before November 1, but other complaints seem to believe that they should be turned into hot dogs, instead.

**NEW WILMINGTON PASTOR**  
Rev. W. F. Byers of New Wilmington, will be the speaker at tonight's services in the Mahoningtown Presbyterian church.

### Likely To Resume Work On Boulevard To Cascade Park

Should the New Castle Street Electric Railway company deed to the city of New Castle their right of way from Hamilton street to Cascade park it is likely that work relief employees will be detailed to continue improvements on the right of way, commonly called Cascade boulevard.

It was indicated several days ago this would be done in consideration of the city's removal of the company's rails in West Washington street between Front street and Greenwood avenue.

The city wants the rails removed inasmuch as the state proposes to repave Washington street.

Mayor Mayne has said that the rails in West Washington street west of Greenwood avenue will not be removed as that portion of the street was repaved with concrete only a few years ago.

### B.-O. Veterans Meet Tuesday

Committees Are Named For  
Various Activities Of  
Organization

A regular monthly meeting of New Castle Division of the Baltimore and Ohio Veterans Association and its auxiliary was held last evening in the city building hall of the Sons of Union Veterans.

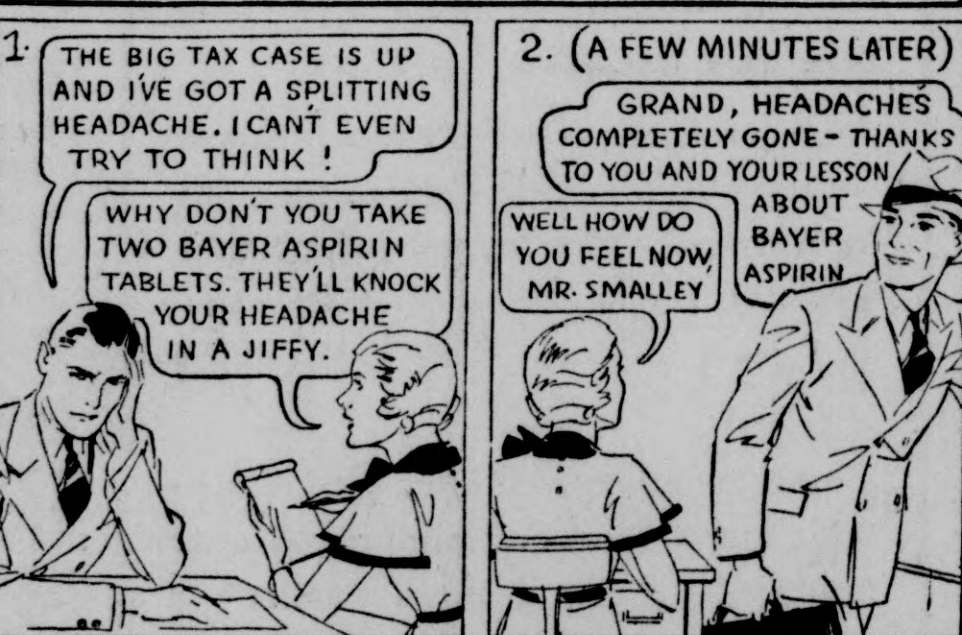

William Mulcahy, president of the association presided at its business session, while Mrs. C. J. Bernhart presided at the meeting of the auxiliary.

At the meetings of the two organizations, plans were made for the fish fry to be held in the Sons of Union Veterans Hall on the first Monday night of November.

President Mulcahy appointed the following committee for the association. Oscar Murphy, chairman; Roy Erwin, I. C. Bowman and W. H. Kilbreath, while Mrs. Bernhart appointed the following committees for the auxiliary. I. C. Bowman, Mrs. Kenneth Walters, Mrs. John Thomas, Mrs. Dennis Sturdevant, Mrs. William Mulcahy and Mrs. Oscar Murphy.

After the business session, the balance of the evening was spent with five hundred and bingo as the diversions. Mr. and Mrs. I. C. Bowman won the prizes in five hundred while Mrs. Martha Morcher won the prize in bingo. At the conclusion of the evening, refreshments were served by a committee of the auxiliary.

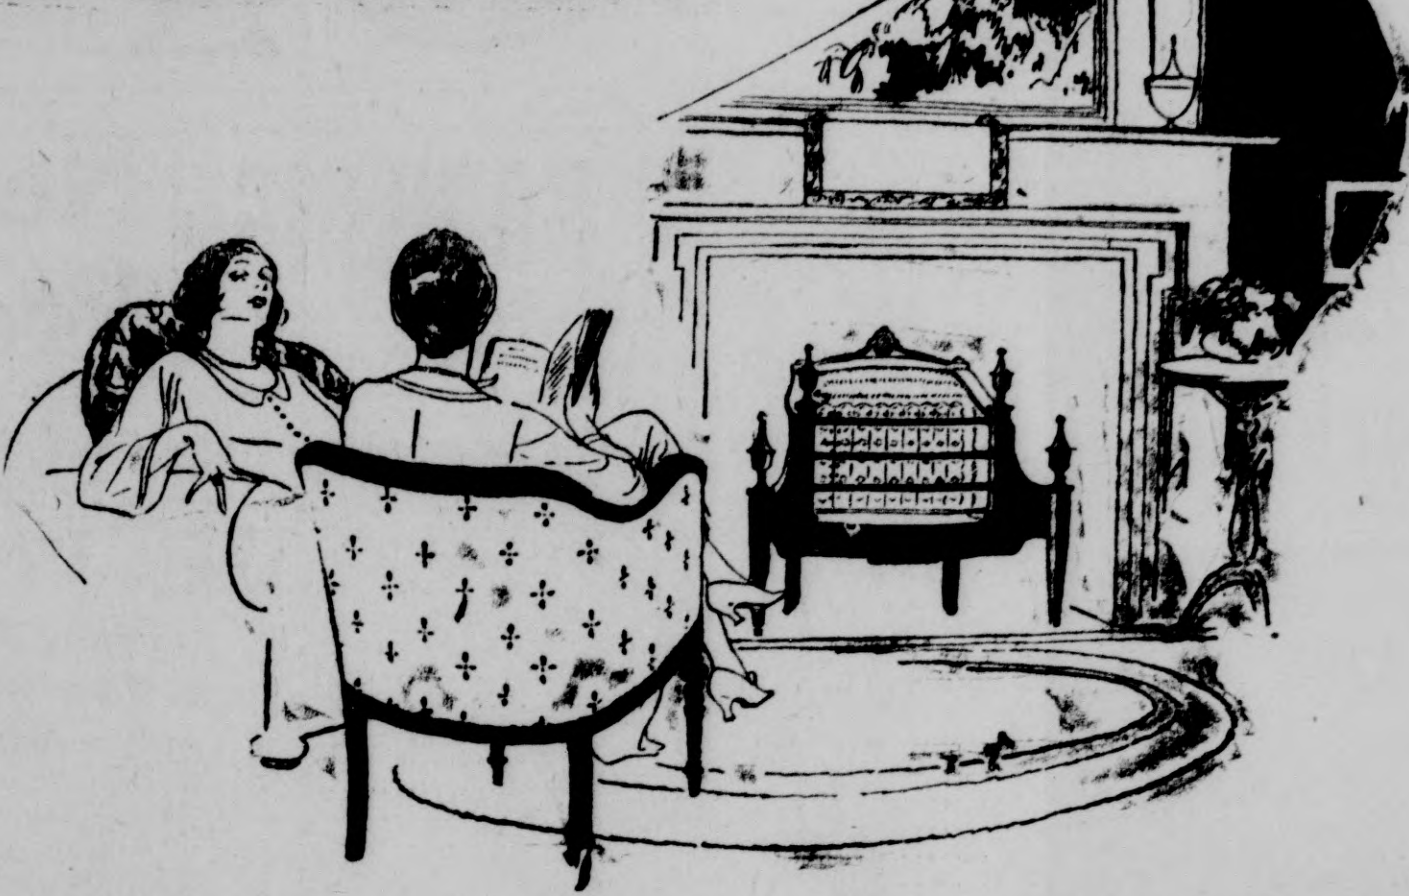

### No Headache Now in Five Minutes

**A Discovery that's Bringing  
Faster Relief to Millions**  
Here is quicker relief from pain—the fastest relief, it is said. This is due to a scientific discovery by which BAYER Aspirin starts "taking hold" of pain a few minutes after taking.  
The illustration of the glass here tells the story. A Bayer tablet starts to disintegrate or dissolve—go to work—almost instantly. This means quick relief from pain—fewer lost hours from headache, neuritis, rheumatism. And safe relief. For genuine Bayer Aspirin does not harm the heart.  
When you buy, see that you get the genuine Bayer Aspirin. The best way is never to ask for aspirin by the name "aspirin" alone. But if you want Bayer Aspirin's quick relief always to say "Bayer Aspirin."

**WHY BAYER  
ASPIRIN  
WORKS SO FAST**  
Drop a Bayer Tablet in a glass of water. Note that BEFORE it touches bottom, it has started to disintegrate.  
What it does in this glass it does in your stomach. Hence its fast action.

Religious School Will Resume  
Activities Saturday Morning  
In The Temple

Temple Israel, Highland and Moody avenues, will conduct its next regular service on Friday evening, October 6, 8 p. m. Rabbi Avery Jonah Grossfield officiating. The topic of the sermon will be: "Movable Homes".

The Temple Israel Religious School will resume its sessions for the new year this Saturday morning, October 7, at 9:30 o'clock. All children four years of age and over are eligible to register, and will be expected to be present.

The Saturday morning services will take place at 11 o'clock, with Estelle Cukerbaum taking part in reading the prayers.

The flowers that will adorn the pulpit are offered by Mr. and Mrs. Isaac C. Young in joy and thanksgiving for the birth of their son, Howard Allen Young. Mrs. Young was formerly Miss Jeannette Rabinowitz, of East Grant street.

### New Wilmington

N. W. A. C. TO MEET

The newly formed New Wilmington Athletic club will meet in the club rooms of the firehouse Thursday evening at 8 o'clock.

At the meeting of the club held last Friday night nearly 40 men of the town were present. Wilbert Anderson was temporary chairman of the meeting and called on C. B. White, S. E. Calhoun William McElwee and Thomas Hutchison, asking for their ideas as to the formation of a new club. The men enthusiastically voiced their approval of the new organization. An open discussion followed in which plans for the coming year were discussed. A committee composed of C. B. White, James Pitzer, Wilbert Anderson, Thomas Hutchison and Thomas Jones was appointed to draw up a constitution and submit by-laws for the organization.

The first step in the promotion of athletics in the community will, in all probability, be the formation of a basketball club.

**Says Policeman Kept  
Holdup Coast Clear**

YOUNGSTOWN, O., Oct. 5.—Former Patrolman Thomas Joyce obtained the information on which Peter Melich and Theodore Seminara planned holdups of business establishments last summer, Semin-

ara testified Wednesday in Joyce's trial on a robbery indictment.

Seminara said that Joyce learned under what circumstances the Thom. McAn shoe store and Greenan bakery could most safely be held up. For example, he said, Joyce ascertained that the only gun in the bakery office was an unloaded pistol, which was out of commission.

Melich already has been sentenced to from 10 to 25 years on his plea of guilty in the McAn holdup. The youth declared that Joyce always acted as a lookout while he and Melich were robbing places. When the Rodis Beauty Shop, downtown, was held up, Seminara testified Joyce arranged to keep the policeman on the beat away from the building in which the shop was located.

### Giants Take Second Game, Score 6 To 1

Hal Schumacher Allows Washington Five Hits As Giants Grab Game

#### GOOSE GOSLIN SMACKS HOMER

By DAVIS J. WALSH  
International News Service Sports Editor

POLO GROUNDS, NEW YORK, Oct. 5.—These fighting New York Giants, inspired by thoughts of their own destiny, beat the Washington Senators for the second straight time in the world series yesterday afternoon, the Giants sending a crowd of 35,000 crazy with a great rally in the sixth inning.

The final score was 6 to 1, the Giants rising to smite Alvin Crowder for eight hits in their one big inning, the sixth, where they scored all their runs.

**Giants Fighting.**  
Thus were the Senators, originally favorites to win the series, thrown for another loss, leaving them two games down with five to play as the teams headed for Washington to resume the series.

Thus, too, was the great rally of the Athletics in the 1930 series almost re-enacted.

Trailing by one run as they entered the sixth and completely subdued to this point by Crowder, they struck swiftly, venomously and well. Moore opened the inning with a single and after Moore was forced by Critz, Terry doubled and Ott was purposefully passed, filling the bases.

**O'Doul Starts Rally.**  
At this point O'Doul was inserted as a pinch hitter for Davis and perhaps the entire complexion of the series was altered thereby. Anyhow, with the count 2 and 2, Sewell dropped a foul tip that would have been a third strike. Thereupon O'Doul singled cleanly to center, scoring two and the panic was on. Jackson also singled, likewise Mancuso and also Schumacher. When Moore repeated with another, Manager Cronin finally was convinced that this was not to be Crowder's day. He took the pitcher out and Critz promptly singled to score the sixth run of the inning. This hit was made at the expense of Thomas. And the side was finally retired when Terry hit to Myer for a forced play.

It was one of the wildest innings of world series history. There were eight hits of which Moore alone got two. Even the squeeze play was worked by one of the slowest men in baseball, Mancuso bunting perfectly to catch the Washington infield asleep, the ball going for a hit while O'Doul scored standing up.

**Schumacher In Form.**  
Outside of this orgy, the Giants were afflicted. But, for most part, it was the Senators against Hal Schumacher, who pitched an intelligent and courageous game. His only mistake was to pitch high to Goslin in the third inning, the latter replying with a terrific smash into the upper stands in right field for a home run. Thereafter, the Senators withdrew.

### Shenango Opens At Home Friday

Mars High School Opponents In First Home Football Game Of Season

Shenango High School football team opens its season at home Friday afternoon, October 6, against Mars, one of the fast Class B teams of Butler County. The game will be played on Shenango Field at 3:30 o'clock.

This has been a strenuous season for Coach Ed Raney. Faced with the loss of eleven of his letter men he has had to build up what amounts to a new team. Fortunately he has had Captain Arnold in the back field who with McConahy and Alfredo has made up a trio hard to beat in Class B circles.

The first game of the season was against Zellenople and this resulted in a tie score. The second game was against Slippery Rock and in this game the Raney combinations clicked over a decisive victory. The game against Mars will be a tough assignment and will call out everything Shenango has.

#### CAN'T GET WIFE TO SUPPORT HIM

BEAVER, Pa., Oct. 5.—W. Bert Keefe, of New Brighton, lost today in his suit for non-support against his wife, Mrs. W. R. Keefe. Judge Frank E. Reader dismissed the proceedings and placed the costs on the prosecutor. Keefe alleged his wife had some building and loan stock and had refused to share the dividends with him or contribute to his support.

It may be coincidence, but you hear less long for the good old days since moderns got a look at leg-o-mutton sleeves.

### New Castle-Union Prepare For Game

Coach Phil Bridenbaugh Drilling New Castle On Forward Pass Defense

Union Has Hopes Of Scoring Against "Red Hurricane"—Game Starts 8 P. M.

New Castle High School football team and Union High team will play under the flood lights Friday night at Taggart Stadium. This is strictly a local engagement. Union hopes to hold New Castle to a low score. New Castle looks for victory number four on the 1933 card. The game is scheduled to start at 8 o'clock. The gates will swing open at 7 o'clock.

Coach Dave Boyd is drilling his Unionites with the hopes of making a good showing against the classy outfit. There is a score to settle with New Castle as the result of last year's game. The Union team will be at top strength. Boyd has Captain George, Morrison, Bozar, Monice and Todd ready for service in the backfield.

#### Full Strength

On the line Union will have such well known players as Richey, Kicker, Schas, Wimer, Jaskolka, and Wayne White the sterling little end who made the catch of a forward pass good for a touchdown in the Bridgeville game last week.

Union will throw a lot of passes Friday night at the stadium. The New Castle team has not been any too good at breaking up the aerial attacks and it may be that Union will gain considerable ground through the air.

"Union will not be able to gain much through that big New Castle line, and so we will have to take to the air," said Coach Boyd today. Boyd is not feeling himself into the belief that his backfield can punch that New Castle line to pieces, because bigger teams that Union have tried it to no avail. It will have to be a trick play of some kind if Union is to gain ground.

#### Watch For Passes

New Castle on the other hand cannot afford to be too overconfident against this scrappy little Union team. Coach Phil Bridenbaugh has to look out for the unexpected Friday night. Union may pull a few foolers and stranger things have happened.

The "Red Hurricane" will be at full strength against Union with Fleming and Hitchens at the ends, the Shelloags at the tackles, Sorto and Raskowski at the guards, and Holey or McPeak at center. The New Castle backfield will have Ridley at quarter, Nickum and Lane or James at the halves and Captain Walter Kominic at fullback.

The practices this week for New Castle have consisted of breaking up forward passes. Union has hopes of scoring on New Castle.

### Quarterback Lost To Titans

Arrowsmith To Undergo Operation That Will Keep Him Off Squad

(Special To The News)  
NEW WILMINGTON, Pa., Oct. 5.—Robert Arrowsmith, Erie, star sophomore quarterback on the Westminster college football team, has been lost to the team for at least a month, Coach John Lawther announced yesterday.

Arrowsmith, who had been ill for 10 days, reported to the squad last week, but upon examination by Dr. Hugh Hart, team physician, it was found that the Erie lad would have to have his tonsils removed.

Arrowsmith left for his home in Erie yesterday where he will have the operation as soon as he is strong enough.

The loss of Arrowsmith at this blow to the Titans as he alternated with Ray Sweeney at the signal calling berth, and also played left halfback. He is the best passer on the squad and will be missed. It is not likely that he will be available until the Grove City game in New Castle on November 4, Jack Hulme, team trainer, said.

Arrowsmith was valetictorian of his class at Erie East high school and was one of the outstanding backs on the East grid team. Last year as a freshman he won a varsity post on the Titan team, but was in poor shape this fall due to weakened condition brought on by infected tonsils.

Another funny thing is a bald old guy with a rooster-wattle neck complaining because his wife has got fat.

### Roosevelt Will Attend Game In Capital Today

President's Presence May Be Stimulant Needed By Downcast Senators

#### WHITEHILL WILL HURL FOR SENATORS

By DAVIS J. WALSH  
International News Service Sports Editor

WASHINGTON, Oct. 5.—Shocked and a little dazed by the enormity of it all, the Washington Senators were back at last where they could feel they were among friends today for the third game of whatever may be left of the 1933 world series with the New York Giants, the "destiny men" of baseball who should not win but somehow haven't learned to lose. However, a great change was expected here.

In New York, while the Senators were losing their first two games with only one earned run in eighteen innings, the witnesses were boisterous and uncouth. Here, there will be sympathy, forgiveness and understanding and the Senators can use all three, particularly the latter. It will take a great deal of understanding to figure out how it happened that not only can the Giants stop the Senators but the Senators can even stop themselves. However, that's all behind them in cold, unfeeling New York.

#### Roosevelt To Attend.

Here, they will have the lively American League ball to play around with, the ball with which they ran up a team batting average that topped both leagues. They will escape, too, from the foul-line menace at the Polo Grounds which had their outfielders dizzy and their pitchers flinching with every ball they threw. They likewise will have the benefit of moral support from the foremost first-ball-thrasher of all time, President Franklin Delano Roosevelt who, it was announced this morning, planned to attend the

Washington opening with members of his real and his official family. The president, it was said, would arrive at the stadium a few minutes before game time at 1:30 o'clock and would throw out the first ball, thus giving the series a sense of real prestige for the first time since President Coolidge saw all the local games of the 1924 event. At that, Mr. Hoover attended one game in Philadelphia four years ago.

At least 35,000 others will be there today, including those zealous who announced their intention by staying up all night to watch the locked and darkened entrance. Local enthusiasm may have been a little disheartened by the events of the last two days at the Polo Grounds but the resident of this staid, old world town is not the man to quit on his team, no matter how desperate the situation may seem.

#### Whitehill Today.

In fact, back in 1924, the populace kept meeting the Senators at the railroad depot while they were losing and when the outfit finally won, they paraded down Pennsylvania Avenue, uttering cries in a strange tongue. Perhaps this will happen all over again. If so, it had better start happening today when Earl Whitehill, the left hander, and Fred Fitzsimmons, the knuckler, have at each other in the third game of the series.

They are the inevitable pitching choices, now that the Giants have won with Hubbell and Schumacher and the Senators haven't even finished with Stewart and Crowder. Fitzsimmons claims to be able to throw his knuckler down a spiral staircase with the American League ball but, either way, he's no more than the third man on the Giants staff while many regard Whitehill as Washington's best. Anyhow he'll have to win this one or the rest of the series can be played somewhere out in canarie.

### Girl Football Player Injured

(International News Service)

SAYRE, Pa., Oct. 5.—What price football feminism? Pennsylvania's first female football casualty, Gertrude Crane, 19, occupied a hospital cot today.

Playing in a neighborhood game, the girl was "clipped" by her younger brother. Her right leg snapped at the ankle.

Isn't it worth these LOW PRICES to have GOODYEAR SAFETY NOW?

Seeing is believing. You can tell from a look at these prices that they are low — many of them lower than they were last fall.

And here's the other big fact to know — they buy Goodyear Pathfinders — one of America's five largest-selling tires — with the safety of center traction and 30% more mileage — than they gave a year ago.

Think a moment. Winter's coming — with more danger of slipping — more hours of driving in the dark. Isn't it wise to buy now — have new Goodyears when you need safety most — and be sure of the low prices offered today?

Profiting Taking Hits Market Bringing Slight Declines In Stocks

UTILITIES ARE  
ONLY FIRM SPOT

(International News Service)  
NEW YORK, Oct. 5.—Profit taking induced by yesterday's sharp up-bid the stock market today bringing losses of fractions to more than 2 points in the pivotal issues. Trading, however, was light and the decline was viewed as purely technical.

Gold mining shares were hard hit with United States Smelting dropping more than 2 points, while Alaska Juneau and several other lower priced issues showed lesser losses.

The utilities were outstanding firm spots rallying easily under the lead of Consolidated Gas and American Water Works. The former, taking, though snagged the advance and cut down earlier gains.

Railroad shares were slightly easy on the realizing and lost from fractions to about 1 point.

National Distillers, Park & Tilford and the other liquor shares were steady and slightly higher in light trading. The motor group was easier with Chrysler and General Motors sustaining moderate losses.

Commodity markets presented a similar picture as stocks with wheat, corn, oats, and rye dipping fractionally and cotton lost about 25 cents a bale.

## River Control Plans Outlined At Washington

Early Consideration of Allegheny-Monongahela-Ohio River Project Assured

### GUFFEY-PINCHOT URGE PROJECT

(International News Service)  
WASHINGTON, Oct. 5.—Encouraging indications that approval will be given to construction of the projected \$51,000,000 Allegheny-Monongahela-Ohio river flood control program with federal funds were seen today in the promise of the Mississippi area drainage board to give "early and sympathetic consideration" to the proposal.

In contrast to the usual custom of not voicing views on projects laid before the board for consideration, Chairman Charles H. Paul of the board told representatives of the tri-state area affected by the plan, after a hearing yesterday:

"The tri-state authority and the Pittsburgh flood commission have presented a commendable project in a commendable way. The board has been impressed by the practical man-

ner in which the proponents of this project have proceeded.

"Completed plans are before us, plans feasible and economically sound and approved by the country's best engineers. There apparently is no doubt that if approval is given there would be no delay in putting men to work. That is a most important factor."

#### Pinchot-Guffey Speak

Joseph F. Guffey, Pennsylvania Democratic leader, had charge of presenting the evidence favoring the project, which calls for construction of eight reservoirs in the Allegheny-Monongahela headwaters. Gov. Gifford Pinchot of Pennsylvania, spoke in favor of the plan. Representatives of every district affected were present.

Commenting on the array of proponents who attended the hearing, Paul added:

"If this board had not known of the high unity of purpose behind this project in your section, we would certainly know it now."

Governor Pinchot, who made a hasty airplane trip to Washington for the hearing, argued that if the federal government really wanted to put men to work, no more meritorious project for doing this could be found.

#### Federal Funds

All of the speakers urged that the entire cost of the project be paid by government funds, taken from the public works allotment. They contended that neither state nor municipal governments were in a position to share the cost.

This point was stressed in view of the recommendation of the United States army engineers that part of the cost be assessed to communities affected by the project.

Congressmen Henry Ellenbogen and Matthew A. Dunn, Mayor Carl Woodward of Monaca, Pa., Joseph P. Passadume, representing the burgess of Homestead, Pa., Mayor H. C. Ferring of Franklin, Pa., Mayor Joseph A. Heineman of Butler, Pa., Burgess Earl C. Shoof of Springdale, Pa., and Mayor Charles W. Gill of Meadville, Pa., were among the other speakers in favor of the project.

## Y. W. C. A. Endeavoring To Find Type Of Class Work Needed By Girls

In an effort to furnish a beneficial way for girls (out of school) to spend their leisure time, the Council of Education of the local Young Women's Christian association has drawn up a list of classes that can be organized and conducted regularly throughout the winter if the demand for them is sufficient.

Practically all of the classes will be free of any charge. In order that the Council of Education may

know what types of work interest the most girls, the girls are asked to check four or five items on the list below, clipping the coupon and returning it immediately to the Y. W. C. A.

Some classes are open to both girls and boys, it will be noticed. The "homemaking" class would be for the purpose of preparing girls for employment. The "current problems" class would be mainly lectures and discussions.

#### Y. W. C. A. CLASSES

Tuesday and Thursday evenings, for any girl out of school. Check as many as you would like. Return slips at once to Y. W. C. A.

Homemaking  
Interior Decorating  
Remodeling Clothes  
Budget and Menu Making  
Beauty Culture  
Modern Poetry  
Shorthand

The last four classes listed are for both girls and boys.

## Strangers Seek To Stop Coal Delivery To Homes In City

Coal dealers of the city have been harassed and annoyed in the past two days by floating gangs of men claiming to be coal miners, who have endeavored to stop the delivery of coal to private homes. Most of the dealers in the city have been visited by the alleged miners.

The usual manner in which the visit was made was this. The dealer is approached by two or three men who suggest that "he really should discontinue delivering coal until the trouble is over."

Asked who they are, what they represent, and why they make the demands the men have become reticent. In some cases the dealers believe the men are not miners.

Only one coal dealer has suspended business on account of the threats, it was said today. Other places are reported as being picketed by strangers, and the coal dealers expect to ask for suitable action.

## ELECTRIC LIGHT

### SERVICE INTERRUPTED

Electric light service on the North Hill and a portion of the Pulaski-New Castle road was interrupted last night, for eight minutes in the city but a slightly longer period along the road. A defec-

tive cable at a sand bank along the Pulaski-New Castle road is given as the cause.

Admiral Byrd has it on the rest of us. When he gets to Little America he will probably find the frozen assets he left just as valuable as they were three years ago.—The Cleveland Plain Dealer.
